NATIONAL YOUTH ALLIANCE

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

On October 4, 1972, a confidential informant who has furnished reliable information in the past provided a copy of the October, 1972 (Number 15), issue of "Attack!", the tabloid newspaper published by the NYA. This publication contains a lengthy article concerning the activities of the Western Guard.

The Western Guard is a Canadian organization which succeeded the "far right" Edmund Burke Society and whose program ideologically closely matches that of NYA. It has been reported in "Attack!" that NYA and the Western Guard have an agreement whereby Western Guard activism will be reported in "Attack!" and distribution of "Attack!" will be made in Canada by Western Guard members and supporters.

The above informant advised on September 19, 1972, that Donald C. Andrews, leader of the Western Guard, was in the Washington, D. C., area together [redacted] an associate on September 3, 1972. According to the source, the associate who accompanied Andrews to the Washington, D. C., area

b6
b7C

It is noted that a second confidential informant who has furnished reliable information in the past advised on September 5, 1972, that one Don Andrews from Toronto, Canada, attended the Fourth Annual Congress of the National Socialist White People's Party together with [redacted] a young man named [redacted] on September 2, 1972.

b6
b7C

The National Socialist White People's Party (NSWPP), also known as The American Nazi Party, American Nazis, and the George Lincoln Rockwell Party, was organized on February 26, 1956, at Arlington, Virginia, based upon the concept of an international "National Socialist" movement as espoused by the German Nazi Party headed by Adolph Hitler. The organization supports and follows the line of hatred against Negroes, Jews and communists through various propaganda media seeking a legitimate dominant political party in the United States and foreign countries.

According to the source last mentioned above, Andrews and [redacted] formerly were active in the Edmund Burke Society in Canada and attended the NSWPP Congress as observers, rather than as delegates. Reportedly, they are working together with Pierce, a former NSWPP official who is now associated with the NYA.

WILLIAM LUTHER PIERCE

Dr. William Pierce is Executive Director of the National Youth Alliance. The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

Records of the Federal District Court for the District of Columbia, Washington, D. C., revealed on October 31, 1972, that case number CA 651-72 is a civil action by Pierce against George Washington University, Washington, D. C. Pierce's complaint, filed on April 4, 1972, alleges an assault upon Pierce when he appeared at George Washington University as an invited guest on February 3, 1972, as a result of the negligence by officials of the university. Pierce's suit asks for \$10,000 compensatory damages, and \$40,000 punitive damages for injuries and damages suffered by Pierce in the alleged assault.

George Washington University answered Pierce's complaint on May 9, 1972, and asked for dismissal of the suit after denying allegations of negligence.

It is noted that the details of the incident alleged in Pierce's suit were reported in the Monday, February 7, 1972, issue (Volume 86, Number 29) of "The Hatchet," a student publication of George Washington University. "The Hatchet" article stated that Pierce's appearance at George Washington University to speak on behalf of the National Youth Alliance was sponsored by the University's Program Board. He was said to have fallen victim to an egg and stink bomb barrage from Jewish militants in a conference room at the University Center.

previously active in the National Socialist White People's Party (NSWPP), and the National Youth Alliance (NYA). He is no longer active in these organizations. Regarding the NYA, he stated he became discouraged with that organization and that it was nothing more than an "ego trip" for the head of the organization, William Pierce. He said that Pierce's "self image" was that of a "revolutionary leader" but was so wrapped up in getting personal satisfaction from leading the group that they never did anything and doubts "they ever will." Lloyd left the NYA in August, 1971, [REDACTED]

Regarding the Nazi Party, Lloyd appears to have no more interest in that organization. He does not appear to have any contact with the membership or officers. He said recently that after 10 years in the Nazi Party, he was regarded as the biggest "SOB in its history" except for William Pierce who was Information Officer before organizing the NYA.

Leads are set forth in referenced communications for Richmond to identify subscriber to telephone number area code [redacted]. This number was furnished by a WFO source as the home telephone number of the captioned subject, who is Executive Director of the National Youth Alliance, Washington, D. C. (WDC), an extremist white youth organization. Recent investigation by Richmond has identified PIERCE's current residence as 1166 Greengate Road, Fredericksburg, Virginia.

For the information of Richmond, the WFO source learned that the subject might subscribe to telephone service for his residence in a fictitious name, in order to prevent identification of his current residence. It is noted that PIERCE has utilized the names ALAN JOHNSON (phonetic) and WILLIAM SMITH as pseudonyms in recent business dealings in behalf of the National Youth Alliance.

NATIONAL YOUTH ALLIANCE

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth for (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

On November 21, 1972, a confidential informant who has furnished reliable information in the past provided a copy of a "Special Issue" (Number 16) of the NYA tabloid newspaper, "Attack!". This issue did not carry the usual "Attack!" feature, "Revolutionary Notes"; however, a front-page article entitled "Let's Take America Back!" revealed that "Attack!" has not abandoned its revolutionary posture.

A paragraph from the article, "Let's Take America Back!", captioned "Smash the System!", is quoted as follows:

"Because the fault does not lie with the corrupt little men who are offered to us as 'leaders' but with the System which offers them, no election can do for us what must be done. Instead, we must use whatever means we can to destroy that System, root and branch."

The above informant also furnished a copy of "Action", internal bulletin of the NYA, (Number 19), dated December, 1972. A reproduction of this bulletin is attached hereto.

It will be noted that "Action" reports a new membership policy for the NYA, beginning January 1, 1973. The principal criterion for membership in the NYA, according to the new policy, will be the candidate's "willingness to engage in activism on a regular basis". It adds that the minimum acceptable level of activity for membership in the NYA is to be the distribution of ten copies of "Attack!" each month. The new membership dues will be two dollars per month.

NATIONAL YOUTH ALLIANCE

An "Official Supporter" designation is being introduced for individuals who pledge at least one dollar per month. "Official Supporters" will also receive the NYA newspaper, "Attack!", and the NYA newsletter "Action".

On November 27, 1972, the above informant advised that the new NYA membership policy apparently was precipitated by a condition of declining membership and income.

ACTION

No. 19

December 1972

ACTION. This bulletin will be issued once each month henceforth to all NYA Members and Official Supporters. It will be sent via first-class mail and will contain up-to-the-minute news on NYA action, policies, and other matters of interest to those involved, in either an active or supporting role, in our movement to build a better America.

The National Office has long been aware of the conflicting demands of propaganda directed toward the general public and indoctrination directed toward initiates and of the difficulty of reconciling these demands in a single organ. There is always the danger of becoming boring to the initiates or--worse--too esoteric for the public. It is hoped that this conflict will now find its resolution in two separate organs, **ATTACK!** and **ACTION**.

ATTACK! will continue to report NYA action in a way that will give the general reader a picture of our organization, its members, and its activities, with a view toward recruitment. **ACTION** will deal more with internal matters, special problems, reports from Members, and other things primarily of concern to those closely associated with NYA--i.e., Members and Official Supporters.

MEMBERS. Beginning January 1, 1973, a new membership policy takes effect. There will be only a single membership category, without age limits, for all new Members. A principal criterion for becoming a new Member of NYA--or for renewing an old membership--will be willingness to engage in activism on a regular basis.

The minimum acceptable level of activity for an NYA Member will be the distribution of 10 copies of **ATTACK!** each month. These **ATTACK!**s will be automatically mailed to each paid-up Member each month, and it is the responsibility of the Member to make the best possible use of them, either giving them to potential recruits or selling them.

Membership dues for all new Members and renewals will be \$2 per month, payable either by the month or any number of months in advance. Current Members, with either an active or associate status, may, after notifying the National Office of their intent, apply the unexpired portion of their dues to the new rate and begin paying the new dues, in which case they will automatically be placed in the new membership category and begin receiving 10 **ATTACK!**s. Otherwise, they will be billed at the new rate when their current dues expire.

Persons who agree with our philosophy and goals and want to be associated with NYA but who, for any reason, feel they cannot meet the minimum level of activism required of Members are invited to become Official Supporters of NYA instead. The only requirement is a pledge to make a regular contribution to NYA of at least \$1 per month. Official Supporters, just as Members, will receive both **ATTACK!** and **ACTION**.

OFFICIAL SUPPORTERS. This is an extremely important category, since NYA pays a substantial portion of its regular, monthly bills (office rent, telephone, transportation, postage, envelopes and forms, etc.) with contributions from Official Supporters. In addition, a number of special organizing expenses are paid from this source. The more Official Supporters we have, the more we can do and the faster our movement can grow.

Most Official Supporters have been faithful about sending their pledged contributions regularly, but some forget. In order to help keep everyone on track the National Office will send reminder notices to those who fall behind.

Official Supporters should always remember that they are a part of the NYA community and, although it is not required of them, they are always welcome to participate fully in NYA activities, just as Members, whenever they desire. It is hoped that many Official Supporters will continue, on a voluntary basis, to order extra copies of ATTACK! for distribution.

Likewise, Members who are able to give support in addition to their dues are urged to do so.

LEGAL DEFENSE FUND. As NYA becomes more and more of a thorn in the System's side, we can expect stepped-up harassment. At present NYA is engaged in several expensive civil actions growing out of the activities of a shady individual it has been discovered is the chief undercover operative of the Anti-Defamation League in the "right wing" (more on this later). The National Office will be appealing to the entire NYA community in the coming year for contributions for the specific purpose of building our legal defense fund.

ARMED FORCES. As more and more young servicemen come to understand what is being done to America's armed forces by the System, NYA is making increasing gains in its military recruitment program. The following letter has been received from a young Military Police sergeant stationed in Germany. His name cannot be revealed for obvious reasons:

"I hope you will continue to press upon the minds of our civilian counterparts the necessity for distributing ATTACK! All the great social-political movements of the last 100 years were built around the effective distribution and utilization of a newspaper. It is truly an indispensable organizing tool. I sometimes wonder if our civilian workers in the NYA really know what an easy job they have distributing ATTACK! compared with our people in the military.

"In the military, it is illegal to distribute any type of printed matter without the base commander's approval, and severe punishment is dealt out to violators. Even political discussions (those which aren't establishment approved) are suspect. Still, we'll get the job done.

"Prior to my entering the service, I read the biography of a minor Communist Party official in New York. He told how he once stood on a street corner in the middle of a blizzard hoping to sell copies of The Worker. He had the flu with a 101° temperature at the time.

"If all NYAers could develop only half that man's dedication, we could build up grass-roots support that would make the left's seem puny in comparison. If I can't work even half as hard I shall henceforth be ashamed to walk among free men."

Re BM airtel and IHM dated and captioned as above.
(No copy for Columbia.)

For the information of Columbia, re Birmingham IHM describes two recent issues of "The Fiery Cross" newspaper (Volume 7, Edition 10 and 11). Edition 10 carries a headline stating "Revolution is Underway" and is followed by articles entitled "Revolutionary Notes" and "Why Revolution?" The former article deals with the construction and capabilities of medium-sized bombs and the latter presents a thesis in support of the conclusion "that reform of the 'system' is no longer feasible".

As the Bureau is aware, a series of articles entitled "Revolutionary Notes" has appeared in the National Youth Alliance publication, "Attack!", since the Summer, 1971 (Number 6) issue. These articles were created and published by Dr. WILLIAM L. PIERCE, Executive Director of the National Youth Alliance (NYA), an extremist white youth organization. The series began with an article on "Medium-Sized Bombs" which contained a discussion of the capabilities of this type bomb, together with diagrams showing construction and wiring techniques. The language of this article is similar to that attributed to "The Fiery Cross" article, "Revolutionary Notes".

It is further noted that the Summer, 1971 (Number 6) issue of "Attack!" contains an editorial entitled "Why Revolution?", which appears to contain the same material as "The Fiery Cross" article of the same name. PIERCE is also author of editorials appearing in "Attack!".

The informant further ascertained that JOHN had proposed the distribution of right-wing extremist literature at the annual convention of the American Association for the Advancement of Science in WDC, for the purpose of countering the efforts of left-wing radicals who usually attempt to influence delegates to the convention.

NATIONAL YOUTH ALLIANCE
EXTREMIST MATTER - NYA
(OO:WFO)

On 1/15/73, [redacted]
(protect identity by request), [redacted]
[redacted] advised that WILLIAM L. PIERCE applied
for a business license on 9/11/72, at the Arlington County
Office of the Commissioner of Revenue, Department of
Business and Professional Licenses, Room 116, Courthouse,
1400 North Courthouse Road, Arlington, Virginia, to operate
NYA Book Sales, Inc., from Room 2012, Tyler Building,
1022 Wilson Blvd., Arlington, Virginia. On 9/19/72, an
inspector from the Arlington County Zoning Department,
attempted to examine Room 2012, Tyler Building, 1022
Wilson Blvd., Arlington, Virginia, for the purpose of
inspection and approving the issuance of a business
license, but no one was on the premises to admit him.
The inspector returned on 10/6/72, inspected the premises,
and authorized the issuance of a business license for that
location, since it met the zoning requirement. However,
PIERCE never presented himself, as he is required to do,
at the Department of Business and Professional Licenses,
to pay for and obtain his required license.

The Zoning Department, on a weekly basis, sends
a completed inspection list to the Department of Business
and Professional Licenses. When the applicant fails to
appear there, after a completed zoning inspection, to pay
for and receive his license, the Department of Business
and Professional Licenses routinely sends a summons to
the applicant requesting his appearance at the Office of
the Commissioner of Revenue. However, these requests in
many cases are not followed up as closely as they should
be, and there is no record to indicate that PIERCE responded
to the citation requesting his appearance on 11/24/72, at
10:00 a.m.

On February 16, 1973, information was received from the office of the Director, National Capital Parks, National Park Service, 1100 Ohio Drive, Southwest, Washington, D.C. (WDC), concerning a proposed demonstration on March 1, 1973, in front of the White House and the Executive Office Building, WDC to protest the Israeli attack on the U.S.S. Liberty, June 8, 1967. (This demonstration is planned to coincide with a visit to WDC by the Israeli Prime Minister, Golda Meir.)

A notice regarding the proposed demonstration dated February 14, 1973, was submitted by [redacted] on behalf of the Remember the U.S.S. 1956, at Arlington, Virginia, based upon the concept of an international "National Socialist" movement as espoused by the German Nazi Party headed by Adolph Hitler. The organization supports and follows the line of hatred against Negroes, Jews and communists through various propaganda media seeking a legitimate dominant political party in the United States and foreign countries.

A source has described the National States Rights Party as an anti-Negro, anti-Semitic, white racist political party composed of past members of Klan-type organizations and other right-wing groups.

Additional participating organization was shown in the above notice as the National Renaissance Party, Post Office Box 10, New York, New York. James H. Madole is identified as the leader of this organization.

The National Renaissance Party is characterized in the Appendix of this communication.

According to the notice submitted by [] on February 14, 1973, approximately fifty individuals will picket with signs and banners between the hours of 11:00 a.m. and 6:00 p.m., on March 1, 1973. The notice states that this activity is to be conducted in a manner which will not interfere with an Arab protest demonstration planned for the same time and the same date. (It is noted that the Federated Organizations on Arab-American Relations is organizing a mass protest march against Golda Meir, which is to be held in front of the White House and in Lafayette Park, WDC, on March 1, 1973.)

On February 20, 1973, a confidential informant who has furnished reliable information in the past advised that a recent publication of the National Youth Alliance of WDC stated that this organization had been invited to participate in the mass protest march planned by the Arabs on March 1, 1973; however, the source pointed out that this is in conflict with information allegedly emanating from [redacted] of the Arab demonstration, that he did not want non-Arab, anti-Jewish protestors involved in the Arab demonstration on March 1, 1973. b6 b7C

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) PROPOSED DEMONSTRATION APPENDIX
AGAINST GOLDA MEIR AT WASHINGTON,
D. C. MARCH 1, 1973 BY WHITE POLITICAL AND
RACIAL EXTREMISTS

NATIONAL RENAISSANCE PARTY

On April 16, 1970, a source advised that the National Renaissance Party (NRP) was founded in 1949 by JAMES H. MADOLE, who continues to serve as its National Director, and who completely controls the organization. The source advised that the NRP is headquartered in MADOLE's residence at [REDACTED] where weekly meetings, usually on Sundays, are held.

b6
b7C

The source described the NRP as an anti-Negro, anti-Semitic, and neo-Fascist organization.

This source stated that the program of the NRP, formulated in 1965, is aimed at the establishment of a "Racial Nationalist State" to be accomplished by calling a Constitutional Convention to ratify necessary amendments to the United States Constitution in order to carry out the NRP program. The source advised that as of April 16, 1970, the NRP program remains in effect and includes intentions to enact legislation to prohibit intermarriage between races, restrict American citizenship to mentally and genetically sound Caucasians, and hasten the repatriation of American Negroes to independent black African nations.

PROPOSED DEMONSTRATION AGAINST GOLDA MEIR

A source had described the National States Rights Party as an anti-Negro, anti-Semitic, white racist political party composed of past members of klan-type organizations and other right-wing groups.

A confidential informant who has furnished reliable information in the past advised on February 20, 1973, that the National Youth Alliance had been invited to participate in the Arab-sponsored mass protest march against Golda Meir on March 1, 1973, in WDC, and that National Youth Alliance members and supporters were being urged to assemble for this activity in the vicinity of the White House at noon on March 1, 1973.

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth for (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

On March 1, 1973, an agent of the Federal Bureau of Investigation (FBI), observed Dr. William L. Pierce, Executive Director of the NYA, in the vicinity of the White House, WDC, where an Arab-sponsored protest demonstration against Golda Meir was held from approximately noon until 1:30 p.m. Pierce was observed to photograph the demonstrators but did not himself participate in the Arab protest march.

[redacted] who has been publicly identified previously [redacted] of the National Renaissance Party in the Northern Virginia area, was observed by an agent of the FBI marching in the Arab-sponsored protest demonstration held in the vicinity of the White House, WDC, on March 1, 1973.

PROPOSED DEMONSTRATION AGAINST GOLDA MEIR

On March 1, 1973, information was obtained from the office of the Director, National Capital Parks, National Park Service, WDC, that the protest demonstration planned by [redacted] for that date would be held on the Ellipse in WDC between 10 a.m. and 6 p.m. A revised notice pertaining to this demonstration submitted by [redacted] to the National Park Service on February 23, 1973, contained the name of [redacted] as witness.

b6
b7C

[redacted] has been identified in the past with the activities of the National States Rights Party.

A second confidential source who has furnished reliable information in the past advised on March 1, 1973, that at approximately 4 p.m. on that date, seven people involved in the demonstration to protest the Israeli attack upon the "U. S. S. Liberty" appeared in the vicinity of the White House, WDC. These individuals carried an American flag and signs protesting the visit of Golda Meir to the United States. These individuals were directed to conduct their demonstrations on the Ellipse and dispersed soon thereafter.

The first confidential informant mentioned above advised on March 2, 1973, that those who participated in the demonstration to protest the Israeli attack upon the "U. S. S. Liberty" were: [redacted]

April 1973

NYA FEATURED IN NEWS STORY. A syndicated article about the "New Right" has appeared in

The New Right Movement

By RICHARD TRUBO

The conservative movement of America's college campuses has not escaped the inner dissension that eventually seems to strike all political groups. Although the New Right came into being rather recently, it has already experienced a certain amount of tumult and factionalism within its own ranks.

There have been definite signs of ideological differences among the membership of the Young America's Foundation (YAF), the largest conservative student organization in the country. Most YAFers are "traditionalists" who stress stability in the country and the world, and an aggressive foreign policy against communism.

But they have been criticized by the "libertarian" wing of the organization which believes very strongly in individuality and personal freedom and has opposed government meddling in the affairs of other nations.

The libertarians have broken away from the parent YAF organization in places like California, Texas and Pennsylvania to establish their own conservative political groups. At Stanford, libertarians formed the Free Campus Movement (FCM),

in which all types of personal independence are emphasized. The FCM has opposed laws against abortion and pornography (except its sale to minors) because they represent "unnecessary government interference."

But even the libertarians seem rather moderate when compared to some of the hard-right conservative youth organizations in the country. One of these groups is the National Youth Alliance (NYA), which was formed in 1969 as an outgrowth of the youth movement in George Wallace's bid for the presidency as the American Independent Party candidate. Since then, the NYA has moved farther and farther to the right, now preaching both white supremacy and get-tough tactics against left-wing radicals. It has sponsored numerous "right power" rallies in various urban centers.

'AUTHORITARIAN'

An NYA newsletter calls its organization "authoritarian," and says that it can be run more efficiently if democratic procedures are ignored. We shall not tolerate dissension," explains the newsletter. "NYA is a fighting movement, not a talking one or a money-raising one

and therefore it is structured like an army."

The group has distributed thousands of copies of "After 50 Years," an address by one of its leaders criticizing the destruction of "Western culture" by scabrous aliens."

The NYA believes that it is now engaged in a fight against "negative forces" within the system. That fight, it says, involves "opposition to communism and neo-liberalism in our schools, in the government and in the streets; opposition to Zionism, particularly the efforts of this alien conspiracy to entangle America further in the Middle Eastern conflict; opposition to drugs and other forms or cultural and moral degeneracy; and opposition to all race-defiling efforts of the system, whether through school integration, forced housing, artificial job quotas, or other means."

PICKETS

When President Nixon made his historic trip to Peking, the NYA picketed the White House with signs reading, "Go to Peking — But Don't Come Back!" When the morale of American servicemen seemed at a low ebb, the NYA blamed it on "the racial integration of the services."

a number of newspapers recently. Although it is refreshing to see any objective news coverage of NYA, it is also a bit surprising to see NYA lumped together with the anarcho-capitalist "libertarians," with whom we have very little in common.

CANADIAN TV. One ATTACK reader who is an active leader in the campaign to defend women against the neo-liberal drive for a unisex America, Babs Minhinnette (see ATTACK! No. 16), was recently invited to appear on the Canadian TV program, "Under Attack." She sent the following letter about her experience to the National Office:

"Dear Dr. Pierce

Thank you so much for sending me Don Andrews' phone number. I contacted him, and he and two other Western Guard members came to our room and visited with us and told me what to expect on 'Under Attack.'

"I believe the show came off quite well. I was able to make all the points I intended to make and at the very end said that the leaders of the Women's Liberation movement in the U.S. are Betty Friedan, Gloria Steinem, and Bella Abzug, all of whom are Je

and that the people destroying our country and Constitution are not Christians. ... "After the show many of the young people came up to me and said they agreed with what I had said. So, perhaps all is not lost in Canada. ...

Sincerely,

Babs Minhinnette, Baton Rouge, LA"

DEMONSTRATION FLOPS. The March 1 demonstration at the White House, announced in the last ACTION, was a waste of time for all concerned. The reason for this should be clear from the following NYA letter to the Federated Organizations on American-Arab Relations, 135 East 44th St., New York, N. Y., 10017:

"Gentlemen: We appreciate your recent invitation for NYA to participate in your March 1 White House protest against further U.S. aid to the Zionist occupation forces in Palestine. Unfortunately, we were not able to participate as we had planned, because when we arrived at the White House we found your demonstration had been virtually taken over by members of Youth Against War and Fascism, a Trotskyite-communist group. Since we cannot march with communists under any circumstances, and since we did not wish to embarrass you by causing a disturbance, we left without participating in the demonstration.

"We share with you the desire to halt U.S.-government support of the criminal regime in Tel Aviv. Further, we would welcome a victory by the Arab peoples over the Zionist usurpers of your land, followed by the re-establishment of normal and friendly relations between America and the Arab world.

"We do not believe, however, that your cause is advanced by collaboration, in this country, with alien and anti-American groups such as YAWF. In the first place such collaboration can only stifle sympathy for your cause from the one quarter where there is any real potential for the development of pressure for a change in U.S. foreign policy in the Middle East, namely, those patriotic Americans who are already unalterably opposed to communism and who will also oppose Zionism with the same determination once they have understood the true nature of that alien conspiracy against all non-Jewish mankind. In the second place any organization as Jew-ridden as YAWF, despite their anti-Zionist pretensions, can only be using the Arab cause as a means of advancing their own interests and will certainly betray you whenever it suits them. I realize that you take great pains to make a distinction between 'Jews' and 'Zionists', but, whatever propaganda value such a distinction may hold, it would be a fatal error for you to put any faith in it.

"Our position on the Middle East remains unaltered, and we will continue to advocate that position in public demonstrations. We will also look forward to future collaboration with you in your demonstrations -- only when they have not been pre-empted by such Jewish-communist groups as YAWF.

Sincerely,
William L. Pierce"

ACTIVITY REPORTS. There is nothing more encouraging to the hesitant, would-be activist than first-hand reports of the experiences of other activists. Such reports can also be more than morale boosters; they can provide valuable ideas and practical information for implementing those ideas. The National Office issues an urgent plea, therefore, for all NYA'ers, whether Members or not, to send in detailed reports on all (legal) NYA activities in which they engage. Whenever they are available, photographs of the activity should be included. Some of these reports will be printed in ACTION.

You don't have to pull off a grand coup before you write an activity report for the National Office. We want to hear about anything you have done which may be either encouraging or instructional to other NYA'ers, even though it may seem trivial to you. Remember, our movement is built more by the day-to-day work and sacrifice of NYA'ers in activities which are seldom glorious or exciting than it is by occasional spectacular escapades.

As an example, Charles McGuire, our National Office manager, reports that before joining the National Office staff he wanted to distribute ATTACK!s in New York City, but found it difficult because circumstances kept him from getting out on the street at times favorable for distribution. Instead, he made mailings of ATTACK!s from his apartment to carefully selected names of other New Yorkers. It's easy to do this, he reports, if you go about it systematically. Sturdy, 9-in. x 12-in. envelopes can be purchased in quantity from a stationery store for about 3¢ each. These make mailing much faster by eliminating the need for folding each ATTACK! One can also have a rubber stamp which says "Second class -- Newspaper" made by nearly any stationery store for about \$2. Then each ATTACK! can be mailed for 6¢ instead of the 16¢ rate for first-class mail. The only other pieces of equipment needed are a zip-code directory, which can be obtained from any post office, and a local telephone directory. Names of good prospects can come from many sources, but local newspapers -- especially letters to the editor -- are particularly fruitful. Even when an address is unknown, a little detective work with the telephone directory will often yield results. Don't forget to add the zip code! (No return address necessary).

A characterization of the National Renaissance Party is appended hereto.

The National Socialist White People's Party (NSWPP), also known as The American Nazi Party, American Nazis, and the George Lincoln Rockwell Party, was organized on February 26, 1956, at Arlington, Virginia, based upon the concept of an international "National Socialist" movement as espoused by the German Nazi Party headed by Adolph Hitler. The organization supports and follows the line of hatred against Negroes, Jews and communists through various propaganda media seeking a legitimate dominant political party in the United States and foreign countries.

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

The Rights of White People is an organization founded by Leroy Gibson in Jacksonville, North Carolina, in approximately 1967. Its stated purpose is to stop the integration of schools and to have more law and order in the United States.

b6
b7C

[REDACTED]

The United Klans of America, Incorporated, was chartered in 1961 in Georgia. Its aims and purposes are the promotion of Americanism, white supremacy, and segregation of the races. It is the dominant Klan group in the South with headquarters at Tuscaloosa, Alabama, and is currently active in several states.

Award of Damages

George Washington University agreed yesterday to pay an undisclosed sum of money to a former American Nazi party member who was struck with eggs thrown at him by persons in an audience while he was speaking on the campus last year.

Dr. William Pierce, who was invited to speak on the campus Feb. 3, 1972, by the school's student program board, said the university was negligent in telling him about possible violence that could occur if he spoke. Dr.

Pierce is publications editor of National Youth Alliance, a right-wing youth organization.

According to court papers, Pierce said he was hit by "more than a dozen fresh eggs," that furnishings in the room in which he was speaking were set on fire, and that stink bombs were thrown in the room.

Pierce had asked for \$40,000 in punitive damages, \$10,000 in compensatory damages and \$2.50 for cleaning his suit after the incident. Lawyers would not disclose the amount of the settlement, other than to say it was more than the cleaning bill and less than the total amount asked.

BY ALLIANCE FOUNDER

Piercing Views on Society Aired

Bill Pierce looked up at a large poster of Patrick Henry in his office. "That was the first American revolutionary. What we need is another revolution today," he declared.

Pierce heads the National Youth Alliance, an anti-Communist group dedicated to changing America — with racial separation as a major goal.

NYA's national business office was set up last summer at 1022 Wilson Blvd., Arlington — a somewhat surprising choice of a middle-class suburban community headed by an Independent-liberal government

Pierce explained his hopes for a revolution. "It doesn't have to be a violent revolution, but I suppose there will be violence involved in making the changes we foresee," he said. "We're past the point where a solution by legally constituted electoral means is feasible."

NYA's newspaper, "Attack!" featured a series of 10 "Revolutionary Notes." The column told readers how to make molotov cocktails, "medium-sized bombs," and "IRA bombs" used by terrorists in Ireland.

Cyanide guns and silenced pistols, employed by professional political assassins, are also described in detail. "Though NYA is not a bomb-throwing group," Pierce said, it believes in "being prepared."

This information is widely distributed by Communist cadres in the country," said Pierce. "It's important that anti-Communists also be familiar with revolutionary techniques. The day might come when we face the Reds in a violent confrontation.

"We believe our members should own arms and know how to use them."

The unlikely-looking author of these comments is a mild-mannered, crew-cut Ph.D. Pierce, 39, taught physics at Oregon State University in the early 1980's — during the peak of the civil rights movement.

"That was the era of the sit-ins, the freedom marches, the confrontations with police dogs," he recalled. "The social chaos then caused me to do a lot of thinking."

One of NYA's credos is that racial tension and hatred are the inevitable outcome of a racially mixed society.

"Separation is the only answer," according to Pierce. He predicted "if we remain on our present course we're heading for cultural, national and racial chaos. We already have it to some extent."

NYA opposes all racially mixed marriages, as well as marriages between Jews and Christians. It is against forced racial mixing in schools, employment and housing.

"You might say we agree with the Black Muslims in spirit, since we're both concerned that our peoples should be able to develop according to our own natures," Pierce observed. "We should think of the race as the central entity, and the individual as a part of the race."

Abraham Lincoln, touted as the man who abolished slavery, wanted separate futures for blacks and whites after abolition, according to Pierce. "Lincoln and most abolitionists wanted to settle former slaves in Africa or the Caribbean."

Racial pride is one answer for students without any apparent sense of community or value, according to NYA. "Life is just a series of kicks to many of them. Drugs are just one outcome of this attitude of doing what you damn well please without any responsibility to anyone else," Pierce said.

NYA also opposes Zionism, and U.S. aid to Israel against the Palestinians forced to leave the country. Unlike other groups termed "right-wing," it wants stronger rein on big business, saying that U.S. power is held by one wealth-accumulating class.

Not surprisingly, Pierce said he has found his home under surveillance by the FBI.

NYA banners carried near the White House and the Washington Monument last year declared both President Nixon and advisor Henry Kissinger "traitors," urging "Go to Peking — but don't come back." The group's ire was particularly aroused by the U.S. rapprochement with Red China, and the "sell-out in Indochina."

"Instead of fiddling around over there for 10 years, getting 50,000 people killed and accomplishing nothing, we should have wiped North Vietnam off the face of the earth," is Pierce's alternative.

How do young people react to the National Youth Alliance? Some sign up. Others throw eggs.

Pierce is suing George Washington University for \$50,000 for an egg-hurling episode last year. Invited to speak at the college, Pierce was greeted by about 25 left-wingers armed with tear-gas and eggs. He blames the university for negligence in not preventing what he calls a "rigged ambush."

The National Youth Alliance, formed in 1970, has several thousand members across the country — with more in areas like Chicago, New York and Los Angeles than in the Washington area. The many government employees here are somewhat "skittish" about joining such a group, observed its leader.

DAVID ERNEST DUKE

David Ernest Duke is the founder of The National Party.

The National Party has been described by its organizer, David Duke, as a separate right-wing political organization, open to the public. The party opposes violence, believes in the Constitution of the United States, white supremacy, and separation of the races. Aims of the National Party are to be obtained through elected officials. The National Party has replaced the White Youth Alliance with many former White Youth Alliance members joining the National Party.

The White Youth Alliance has been publicly announced to be the youth group of the National Socialist White People's Party.

The National Socialist White People's Party, also known as The American Nazi Party, American Nazis, and the George Lincoln Rockwell Party, was organized on February 26, 1956, at an international "National Socialist" movement as espoused by the German Nazi Party headed by Adolph Hitler. The organization supports and follows the line of hatred against Negroes, Jews and communists through various propaganda media seeking a legitimate dominant political party in the United States and foreign countries.

Top Choice Declines Probe Job

RICHARDSON: From A1

think the plan would establish the "public confidence" that is essential.

Meserve voiced his objections "solely as a citizen and lawyer" in a letter to Eastland and House Judiciary Chairman Peter Rodino Sr. (D-N.J.).

"With all deference to Mr. Richardson," Meserve said, "I believe that the prosecutor should not report to the Attorney General, particularly as to evidence, if any, which might be thought to involve the office of a President who has, three times, nominated Mr. Richardson to important public positions."

Now Secretary of Defense, Richardson has also served in the Nixon administration as Under Secretary of State and as Secretary of Health, Education and Welfare.

A longstanding friend of Richardson's, Meserve said he had "complete confidence" in Richardson's integrity. But he said the investigation must have the appearance of independence as well as the substance.

As a result, Meserve said he felt it would be best to set up "a special agency, with a separate and adequate budget, supervised by the independent prosecutor," even if special legislation is necessary.

Since the prosecutor ought to be accountable to some higher authority, Meserve suggested creation at the same time of a supervisory body or commission, perhaps composed of senior or retired federal judges.

Along with Republican senators on the Judiciary Committee, Richardson has

taken the tack that the need for a special prosecutor to take over the far-flung investigations stemming from the Watergate break-in is too urgent to be postponed for the time needed to nurse new laws through Congress.

Beyond that, Richardson has said that he has no desire to be Attorney General if he cannot be trusted with "ultimate responsibility" for the Watergate case.

Skeptical Democrats on the committee have indicated that Richardson's confirmation will be held up until they have an opportunity to question the special prosecutor and examine the written charter of authority that Richardson has promised to give him.

Summarizing the dilemma at yesterday's session, Sen. Philip A. Hart (D-Mich.) said he was confident "that if the facts led to involvement of the President, Elliot Richardson, whether he had a special prosecutor or not, would name the President."

But, Hart said, "the real problem is if the facts don't involve the President, who will believe Elliot Richardson when he says the don't."

Richardson replied that it would be impossible, in any event, for a special prosecutor to "prove a negative." Prosecutors, he said, deal in courtroom verdicts, but, he emphasized, "a 'not guilty' verdict is not a declaration of innocence. ... If it is a negative that has to be proved, it may require some separate new mechanism," perhaps Sen. Sam J. Ervin's Senate investigating committee or a final review and report on all the investigations by an independent panel.

With the hearings adjourned yesterday afternoon "at the call of the chair," Richardson told reporters that he hopes to consult here before the end of the week with the three "finalists" for the prosecutor's job. They are former Deputy Attorney General Christopher, 47, now a Los Angeles lawyer; David W. Peck, 71, former presiding justice of the New York Supreme Court's appellate division, and Judge William H. Erickson, 49, of the Colorado Supreme Court.

Since each might have a variety of personal, financial and other reasons for not taking the post, Richardson said, he wants to sound them out first before making any more offers.

"It wouldn't be helpful to keep a scorecard on who's turned it down," Richardson said. He said he was anxious

"not to depreciate the job" with more refusals.

At that point, William Pierce of the far right National Youth Alliance, who has been attending the hearings in hopes of testifying against Richardson's confirmation, challenged Richardson on his old driving record. It reportedly involves more than a dozen traffic violations between 1938 and 1958, some involving liquor. Pierce demanded to know if that ought not disqualify him as Attorney General.

Richardson quietly replied that he thought not and said the subject had been thoroughly explored by the Senate Foreign Relations Committee when he was nominated as Under Secretary of State. Of his traffic record, he said: "If it shows anything, it shows at least that I never tried to fix a ticket."

Subject: Senate hearings on
Richardson nomination

Sir:

The May 16 WASHINGTON POST article by George Lardner, Jr., on Attorney General-designate Elliot Richardson's appearance before the Senate Judiciary Committee gave an erroneous impression of the thrust of my challenge to Richardson on the basis of his police record.

Richardson's answer to my challenge was that the Senate Foreign Relations Committee had thoroughly explored his police record at the time he was nominated to be Undersecretary of State and had, by implication, found nothing reprehensible, since his nomination was later confirmed by the Senate. The fact is that the Senate examined Richardson's record in only the most cursory manner and never looked at such details of that record as the police investigative reports of the various offenses of which he has been convicted. If the Senate had thoroughly examined the details of Richardson's police record, it is inconceivable that his nomination would have been confirmed, even if he were judged by present Washington standards of political morality.

What the record shows is that Richardson has been repeatedly involved, over a 20-year period, in such serious offenses as reckless driving, drunken driving, and hit-and-run driving. In a single offense, for which he was convicted in a Massachusetts court, all three of these elements were involved. In that case, furthermore, the record shows that Richardson lied to the investigating officer, denying involvement in a hit-and-run accident to which he later confessed. He also admitted being under the influence of liquor at the time of that accident.

The details of Richardson's police record clearly demonstrate a lack of integrity and strength of character that is deplorable for any high public official and intolerable for the nation's chief law enforcement officer, which Richardson aspires to be. I have been trying, therefore, during the Senate Judiciary Committee hearings to insure that the full details of Richardson's record will be exposed in public testimony and result in the Senate's having no choice but to refuse to confirm his appointment to be Attorney General.

Because of Richardson's role in formulating massive school busing plans while he was Secretary of Health, Education, and Welfare, he is the darling of Senate liberals--and, apparently, of the WASHINGTON POST. But the American people are getting tired of coverups, and any attempt to cover up Richardson's police record at this time or to minimize its seriousness will be a major disservice to the nation.

CONFIDENTIAL EUROPEAN YOUTH CONGRESS

A confidential informant who has furnished reliable information in the past advised on May 29, 1973, that the second National European Youth Congress will be held at Pilsen, Belgium on June 29 and 30, 1973, and July 1, 1973. According to the source, the National European Youth Congress is an inter-European organization of politically right-oriented youth which convened at Pilsen, Germany on September 16 and 17, 1972.

The above informant learned that [redacted] an advocate of national socialism [redacted] represent the National Youth Alliance at the Congress in 1973, and she was unable to attend [redacted] aspects to attend the Congress at Pilsen this year. [redacted] plans to leave the United States for Europe during the latter part of June, 1973.

b6
b7C

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth for (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Semitism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

The informant mentioned above further advised on May 29, 1973, that [redacted] a former supporter of the National Socialist White People's Party [redacted] will also be in Europe during the summer, 1973, and might also be in attendance at the second National European Youth Congress. This source disclosed that [redacted] also known as [redacted] a youthful Germanophile [redacted] who reportedly attended and addressed the 1972 Congress at Pilsen, Germany, had no plans at present to attend the 1973 Congress, due to financial considerations.

Prelude to Race War: Farewell, Uncle Tom

We don't want to make a habit of this, but we're recommending that every ATTACK! reader see another X-rated movie: Farewell, Uncle Tom. Like Fortnoy's Complaint, it's a stimulating porno with an unintended message for the wide-awake viewer.

Farewell, Uncle Tom is a "B" color film dealing mostly with black slavery in pre-Civil War America. The subject is treated in an entirely fictional manner with an aim toward arousing the maximum resentment in Black audiences. The filth, suffering, and brutality are shoveled on, while appalling White stereotypes strut, prance, and prove their inferiority to their Black slaves.

Gratifying Black Sexual Fantasies

The sex scenes are particularly nauseating. It appears that whenever Southern Whites, both

male and female, were not whipping their slaves or administering massive, forced enemas to them, they were rolling in the hay with them. There is miscegenation galore, because, as the film matter-of-factly states, White men found Negro females more satisfying to them than their own wives, while White women preferred Black bucks because of their allegedly "larger members."

The only Black-on-Black sex scene in the film takes place on an imaginary slave-breeding farm, where Black "bitches" are "covered" by Black "stallions," with the aim of yielding as many "pups" as possible. The climax (no pun intended) of this episode comes when a sensitive, delicate young Negro girl is thrown into a cage with the grunting, slobbering prize stud, Jason. While the Whites watch and speculate on how many stitches the Black girl will need when it's all over, Jason does his thing, with gusto.

Kill Whitey!

All the brutality eventually culminates in a slave uprising, and White blood flows in torrents. Then the action suddenly jumps ahead a century or so, to the present.

The message for Black audiences, in the second part of the movie, delivered none too subtly, is that they are still being exploited by Whitey, just as in the days of slavery, and that it's time for another uprising. Then, to make sure no one has missed the point, we are treated to a closing scene in which two Negro militants, in shades, Afros, and black leather jackets, creep into the bedroom of a sleeping White couple and butcher them with hatchets.

In slow motion the hatchets rise and fall, the militants leer, and Whitey's blood and brains are spattered all over the screen.

The Black audiences generally go wild at this point with whistling, clapping, foot-stamping, and shouts of "right on!" It's an unnerving experience for any White person in the audience.

So, why should you risk getting your throat cut by going to see this movie when you can read all about it in ATTACK!? Because you won't really believe it until you've seen it. And, White brothers and sisters, you'd better believe it!

Promoters of Race War
Stay Hidden

Who is responsible for
Farewell, Uncle Tom — and the

other "Black" movies with a similar message which are currently making the rounds? You would never guess just by reading the credits at the end of the film; all the names are Italian.

What you aren't told is that all those Italians are just the technicians who made the arrangements for getting the action onto the celluloid.

The owner of the film, the outfit which is distributing it and collecting the loot, is Cannon Releasing Corporation.

The chairman and president of Cannon is a nice Jewish boy from New York City named Dennis Friedland. Some of Mr. Friedland's associates in the Farewell, Uncle Tom venture are Marvin Friedlander, Thomas Israel, James Rubin, and Arthur Lipper.

Old Jewish Game

It will be perfectly clear to anyone who sees the film that Friedland and associates had

more in mind than making a little money when they commissioned Farewell, Uncle Tom. There are lots of ways to separate Black moviegoers from their shekels without such blatant incitement to murder.

No, it's the same old game they have played so often before: set the various breeds of goyim at each other's throats and exploit the resultant chaos. They undoubtedly get a big chuckle whenever they read in the morning paper about the latest mau-mau atrocity in which some poor White man or White girl has been savaged. There's a fair chance the crime was incited by one of their films.

Work Up a Thirst!

With this in mind, slip a pistol in your pocket, collect a couple of your brawnier friends, and go see Farewell, Uncle Tom (matinee, if possible). Then, while the Blacks all around you in the audience are working up a good thirst for Whitey's blood, you and your

friends can work up a thirst for Mr. Friedland's blood — and his friends' blood, and their friends' blood, and ...

Source stated that the unidentified white male (reported on 4/16/73 contact), has not visited PIERCE'S NYA Office.

On 6/18/73, source provided a copy of a special issue of the NYA publication, "Attack", in which appears an article entitled, "Prelude to Race War: Farewell, Uncle Tom", and an accompanying photograph, allegedly of a member of the "De Mau Mau", a black extremist group. A copy of this article is attached.

Source also observed on this contact, that PIERCE has not expanded his facilities since opening his office in August, 1972, nor has his mail or visitors increased to any appreciable degree. Source feels that this is a result of a lack of funds.

DAVID ERNEST DUKE;
KNIGHTS OF THE KU KLUX KLAN
Post Office Box 1234
Denham Springs, Louisiana 70726

A confidential informant who has furnished reliable information in the past advised on August 14, 1973, that David Ernest Duke, an activist in the extreme right-wing movement who was formerly affiliated with the National Socialist White People's Party, currently was visiting the Washington, D. C. (WDC) area [redacted] The informant learned that Duke is editor of "The Crusader," a publication of the Knights of the Ku Klux Klan, Post Office Box 1234, Denham Springs, Louisiana 70726. The source was unable to state whether the Knights of the Ku Klux Klan, Denham Springs, Louisiana, is affiliated with any of the major Klan organizations.

b6
b7C

The National Socialist White People's Party (NSWPP), also known as The American Nazi Party, American Nazis, and the George Lincoln Rockwell Party, was organized on February 26, 1956, at Arlington, Virginia, based upon the concept of an international "National Socialist" movement as espoused by the German Nazi Party headed by Adolph Hitler. The organization supports and follows the line of hatred against Negroes, Jews and communists through various propaganda media seeking a legitimate dominant political party in the United States and foreign countries.

**DAVID ERNEST DUKE;
KNIGHTS OF THE KU KLUX KLAN**

The above informant disclosed that Duke apparently was traveling about the country contacting supporters of the extreme right-wing movement in order to promote "The Crusader," which informant believed to be entirely composed and published by Duke. He learned that Duke recently visited Dr. Edward R. Fields of the National States Rights Party and [redacted] of the National Knights of the Ku Klux Klan, Incorporated, in Georgia, and had a meeting with Dr. William L. Pierce of the National Youth Alliance while in the WDC area. According to the source, Duke [redacted] planned to visit New York City following their visit in WDC.

b6
b7C

A source has described the National States Rights Party as an anti-Negro, anti-Semitic, white racist political party composed of past members of klan-type organizations and other right-wing groups.

The National Knights of the Ku Klux Klan, Inc., (NKKKK) was granted a charter in Georgia in 1963 as a "patriotic, secret, social, and benevolent order." The NKKKK, a consolidation of various Klans in southern states, continues to be anti-Negro, anti-Jewish, anti-Catholic, and anti-foreign born.

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth for (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

**DAVID ERNEST DUKE;
KNIGHTS OF THE KU KLUX KLAN**

The informant mentioned above stated that Duke's Klan organization intended to form the membership into dens, rather than klaverns, consisting of four, five or six individuals. According to information obtained by the source, the various den units will operate independently of the central Klan organization and will carry out extralegal activities without consultation beforehand or disclosure afterward. The informant noted the similarity between this plan and the concept of "leaderless resistance" or "phantom cells" currently circulating in the extreme right-wing movement.

This investigation is based upon information which indicates that the National Youth Alliance (NYA) is engaged in activities which could involve a violation of Title 18, U. S. Code, Sections 245 (b) (3), Chapter 102, 2101-2102, and Chapter 12, 231-233 (Antiriot laws) or 241 (Civil Rights Act of 1968). The NYA originally was formed from a nucleus of Youth for Wallace supporters following the 1968 presidential election for the stated purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. Its efforts to establish in this country a German-type national socialism of the Hitler era emphasize white racist and anti-Semitic policies. The NYA tabloid newspaper, "Attack!", in its Summer, 1971 (Number 6) issue, advocated revolutionary action to destroy the existing system, since "It is no longer possible to cure the System * * * by Constitutional methods." A series of articles entitled "Revolutionary Notes" published in "Attack!" beginning in the Summer, 1971 (Number 6) issue and concluding in the October, 1972 (Number 15) issue, provided readers with instructions and diagrams for the construction of simple incendiary and explosive devices and techniques of guerrilla warfare "for use in counter-revolutionary situations." The Fall, 1971 (Number 7) issue of "Attack!" carried an editorial entitled "What We Must Do Now," which discusses "revolutionary action" and states in part: "We must think * * * in terms of assassinating federal judges, of burning the stores of businessmen who act as if they are more interested in what's good for business than what's good for White America, of dynamiting the TV transmitters and newspaper presses of the alien news manipulators, of harshly punishing Whites -- male or female -- who fraternize sexually with non-Whites, of putting the fear of terrible retribution into every treacherous politician and System-serving editor, advertiser, bureaucrat, or other public person."

The feature story in the August, 1973 (No. 22) issue, of "Attack!" concerns the sale of American wheat to the Soviet Union. "Attack!" alleges that the wheat deal is a gigantic swindle of the American people by the Nixon Administration for the benefit of Jewish grain speculators. The

Soviet wheat deal is also referred to in the current "Attack!" editorial "What Will It Take?", which purports to answer the question: what will it take to awaken the American public to the alleged fact of Jewish control of this government and social order and provide the impetus for a "revolutionary" change? The answer given in this editorial is that "hard work, a spirit of self-sacrifice, and the custom of self-discipline on the part of a steadily growing, ever stronger, ever more determined movement of national liberation and regeneration" is needed to overturn the existing order in favor of the "new social order" advocated by NYA.

A lengthy article entitled "Inside The Jewish Defense League" purports to show by citing alleged excerpts from a "liberated" Jewish Defense League (JDL) "training manual" that the ultimate objective of the JDL (with "Under the table" assistance from other Jewish groups, such as the Anti-Defamation League of B'Nai B'rith) is to assert the pre-ordained superiority of Judaism and that "Gentile resistance to * * * Jewish ambitions is regarded - seriously - as 'persecution,' and the effort to stifle this persecution is 'Jewish self-defense'."

Under the captioned "NYA-WGP in Action," the activities of the Western Guard Party, "NYA's Canadian affiliate," in resisting "a group of militant communists who attempted to break up a meeting and party at WGP's Toronto headquarters on July 29" are reported. A photograph on this page reportedly shows two NYA activists, "ED and ANDY," preparing to make a neighborhood distribution of 500 copies of "Attack!" in El Monte, California. "ED and ANDY" are believed to be identical with ED KESSINGER and ANDY ANDERSON, who have been featured in previous issues of "Attack!"

As previously reported in another communication, the current issue of "Attack!" carries a reprint of an advertisement which allegedly appeared in the publication, "Sepia," a magazine with a largely Negro readership. This advertisement

offers readers a manual for the price of \$10.00 which provides a course of instruction for achieving "Black Power" utilizing techniques of "African Atto." Readers are invited to respond to "Black Products, Box 1234, Denham Springs, Louisiana 70726."

Information provided by [] disclosed that the above advertisement reportedly was placed by [] [] extremist white political and racial activist, as a scheme for making money from blacks. Allegedly, there was no collusion between [] and WILLIAM L. PIERCE, Executive Director of NYA and Editor-in-Chief of NYA publications, with respect to the reprint of this advertisement in "Attack!" The informant advised on 8/17/73 that PIERCE reportedly had made the statement that it was merely coincidence that PIERCE had chosen the [] advertisement for publication in "Attack!" as the "Sick Pic of the Month." PIERCE is said to have remarked that he often scans publications which cater to the black population for material which could be used in "Attack!" and that he came across the "African Atto" advertisement in this way. PIERCE reportedly stated that he would not have used the item had he known it was placed by []

The August, 1973 (No. 22), issue of "Attack!" also includes a "paid advertisement" for Heroic Posters, 735 11th Street, N.W., Washington, D. C. 20001, offering posters of Washington and Patrick Henry for \$3.00 each. [] [] has advised previously that Heroic Posters is a business enterprise operated by [] a white political and racial extremist who belonged to NYA in the past.

NATIONAL YOUTH ALLIANCE

On September 27, 1973, a confidential informant who has furnished reliable information in the past provided a copy of "Action", the internal bulletin of the National Youth Alliance (NYA), (Number 27), dated September, 1973. This publication has been reproduced, and a copy is attached hereto.

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

something else. If he has not violated a law, he need not try to convince the FBI of his innocence. Never, under any circumstances, is he obliged to answer any questions; to justify his activities, beliefs, or associations; or to give any accounting of himself whatever to an agent of the System.

One need not be obnoxious or arrogant about this, so long as the FBI accepts it graciously. If the occasion should ever arise when an FBI agent fails to apologize for his intrusion and make a hasty departure when politely informed that he has no business inquiring into the private affairs of a law-abiding citizen, the NYA'er should immediately, in the presence of the intruder, telephone the nearest FBI field office, ask for the special agent-in-charge, and complain vehemently. If that does not produce immediate and satisfactory results, he should air the matter as thoroughly as possible in his local, daily newspaper and inform everyone in a position of public authority, including his congressman. If there is one thing the FBI does not like, it is a public fuss.

Finally, any incident involving the FBI should be brought immediately to the attention of the National Office.

DO YOU HAVE A TALENT in propaganda, organization, or any other relevant area, which is not being utilized for the progress of the movement? If you think you do, you should come to Washington and confer with the National Office as to how you might best apply your talent in service to the movement.

ACTION

No. 27

September 1973

THE SEPTEMBER ATTACK! was not mailed until September 20, so don't be alarmed if you haven't received yours yet. It was deliberately held up so that NYA's action against the Kissinger appointment could be reported in that issue.

Meanwhile, the National Office has received clippings from newspapers all over the country, indicating very good media coverage of NYA's position. A major factor in this publicity success is that NYA stood alone, being the only patriotic organization in America to take a strong stand against Kissinger.

MIKE KOSMATKA, Chicago Unit leader, has been organizing in Cicero, Illinois, recently. Cicero's status as an all-White, working-class community has been under renewed attack by the System's integration-obsessed race theorists and many Cicero citizens have been receptive to the NYA program.

Mike has also been regularly posting ATTACK! and other NYA materials on left-wing political boards in the Chicago area. The board pictured here is one use by the Trotskyite Young Socialist Alliance in Chicago's New Town district.

A NEW ACTION UNIT is now operating in Charleston, SC. It is led by Walter B. Cisco, who has organized a number of large ATTACK! distributions in the Charleston area recently. The new Unit's mailing address is: NYA - Charleston, Box 12655, Charleston, SC 29412.

THE SPRINGFIELD, MASSACHUSETTS, ACTION UNIT has just opened a new office and organizing center for the Springfield area. Associated with the new office, at 266 Worthington St., Springfield, is a hall for holding public meetings.

Nick Camerota, Springfield Unit leader and graduate student in philosophy and political science at Springfield's American International College, will be presenting the NYA position on issues of public interest in twice-weekly radio broadcasts over WAIC, AIC's campus station. Nick's commentary will be countered in each broadcast by a student spokesman for the System. The new program is appropriately named "Attack and Counterattack."

BIG BROTHER has always worried about NYA, and he is doing more worrying these days as NYA's growth continues to spurt. Although his political police are trying to keep a low profile until the Watergate scandal blows over, it is certain that in the future he will step up his harassment of everyone opposed to the System. For this reason, every NYA'er should be mentally prepared for responding properly to any approach by the FBI.

The first thing to understand is that, whatever excuses may be given, the FBI has only two motives for calling on patriots: intimidation and recruiting informers. Some persons are so horrified when the FBI comes knocking on their door that they will instantly forswear all future political activity. Unreasonable fear causes them to imagine every dire consequence, from loss of employment to being held incommunicado in the basement of the Justice Department and tortured. If only the System will leave them alone, they will promise never again to say an unkind word about Big Brother.

Knowing this — i.e., that many so-called "activists" are only playing a game of make-believe and have no stomach for a real confrontation with the System — the FBI has from time to time made a practice of simply visiting everyone whose name and address they have been able to obtain. They can count on a certain percentage of those they visit becoming permanently inactive as a result. Furthermore, they can sometimes spot a particularly weak person, who can be recruited as an informer.

The second thing to understand is that the FBI is, theoretically, a public service supported by citizens' taxes, and its employees are answerable to those citizens. Not only should the NYA'er keep this in mind, but, if approached by an FBI agent, he should take pains that the agent also keeps it in mind.

It is not necessary to be hostile or insulting; that only confirms any

cop's natural inclination to regard anyone who makes waves as a criminal. FBI agents are, for the most part, fairly sound human material. Most joined the Bureau with pure motives. They do not think of themselves as agents of the enemies of our rare or the System's bull boys.

Some, of course, have had their heads pumped full of neo-liberal poison, but others have genuine misgivings about some of the laws they are called on to enforce. The fact that they have all put their own careers ahead of their responsibility to their race makes them no worse than most Americans, who have done the same thing. The day will come when we will recruit the best of them into our own ranks, just as we are every day causing other Americans to re-examine their values and priorities and put race ahead of self.

The proper attitude for an NYA'er to take toward any agent of the System, including an FBI agent, is one of absolute rectitude. Any member of our movement is doing what every White man and woman should be doing, but which most are too weak or selfish or ignorant to do at this time. Any NYA'er is, therefore, better than any employee of the System. He should not only know in his heart, but also show in his outward attitude, that he is right and the System's man is wrong.

The third thing to understand is that, theoretically, the political and ideological beliefs and activities of an American citizen are not legitimate concerns of the FBI. Unless the FBI has concrete evidence that a citizen has violated a specific Federal statute, it has no business investigating that citizen or his activities or associations.

That is the theory. In practice, FBI agents are more and more assuming the role of Big Brother's thought police, and a citizen is as likely to be investigated for suspicion of thoughtcrime as he is for an actual violation of the law.

The NYA'er must always insist, however, that the theory be upheld in every detail. If the FBI is not righteous enough to stick to its legitimate concerns, then we must help it avoid sin. Any NYA'er, upon being approached by an FBI agent who has properly identified himself, must first, before answering any questions whatever, ascertain the exact reason for the FBI's call. Unless the agent convinces the NYA'er that he is investigating a specific, non-political violation of a Federal statute — such as a narcotics offense or interstate transportation of a stolen automobile — and the NYA'er has specific knowledge which can help in the apprehension or prosecution of the criminal, the interview should be politely but immediately terminated. No vague statements about an investigation of "conspiracy" or "violence" or "subversion" or, in fact, anything having the remotest possible connection to NYA activities should induce an NYA'er to answer questions.

The right to privacy must be insisted on absolutely and, if necessary, indignantly and loudly. If an NYA'er has violated a Federal law and the FBI has solid evidence of that violation, nothing the NYA'er can say is likely to keep him from being arrested — although conviction is

NATIONAL YOUTH ALLIANCE

This investigation is based on information which indicates that the NYA is engaged in activities which could involve a violation of Title 18, U. S. Code, 2383 (Rebellion or Insurrection); 2384 (Seditious Conspiracy); 2385 (Advocating the Overthrow of the Government); 231-233 (Civil Disorders); 2101-2102 (Antiriot Laws); 241 (Conspiracy Against Rights of Citizens); and 245 (Federally Protected Activities).

The NYA was originally formed from a nucleus of Youth for (George C.) Wallace supporters following the 1968 Presidential election for the stated purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. Its efforts to establish in this country a German-type national socialism of the Hitler era emphasize white racist and anti-Semitic policies. The NYA tabloid newspaper, "Attack!" in its Summer, 1971; (Number 6) issue, advocated revolutionary action to destroy the existing system, since "It is no longer possible to cure the System...by Constitutional methods." A series of articles entitled "Revolutionary Notes" published in "Attack!" beginning in the Summer, 1971 (Number 6) issue, and concluding in the October, 1972 (Number 15) issue, provided readers with instructions and diagrams for the construction of simple incendiary and explosive devices and techniques of guerrilla warfare "for use in counter-revolutionary situations." The Fall, 1971 (Number 7) issue of "Attack!" carried an editorial entitled "What We Must Do Now," which discusses "revolutionary action" and states in part: "We must think...in terms of assassinating federal judges, of burning the stores of businessmen who act as if they are more interested in what's good for business than what's good for White America, of dynamiting the TV transmitters and newspaper presses of the alien news manipulators, of harshly punishing Whites--male or female--who fraternize sexually with non-Whites, of putting the fear of terrible retribution into every treacherous politician and System-serving editor, advertiser, bureaucrat, or other public person."

[REDACTED]

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

On September 11, 1973, WETA-TV Washington, D.C. (WDC), announced that the National Youth Alliance was among those organizations which had requested an opportunity to be heard by the Foreign Relations Committee of the United States Senate in connection with confirmation hearings on the nomination of Dr. Henry Kissinger to the office of Secretary of State.

b7D A confidential informant who has furnished reliable information in the past advised [REDACTED] Nicholas C. Camerota of Springfield, Massachusetts would speak for the NYA on the Kissinger nomination in hearings by the Senate Foreign Relations Committee to be held on September 14, 1973.

Camerota's statement before the Senate Foreign Relations Committee on September 14, 1973, as transcribed from a broadcast by WETA radio on that date, was as follows:

"Well I don't want to exceed the ten minutes time limit for it is getting very late this afternoon so I will simply confine myself to a few remarks and most of them will be extemporaneous. First of all, I'm thankful to have the opportunity to address the committee this morning during the confirmation of Henry Kissinger for Secretary of State, but in the opinion of the National Youth Alliance, Kissinger's confirmation would represent a great threat not only to the Internal Security of the United States but to our foreign relations as well.

"Now, viewing Kissinger's record as chief of the National Security Council objectively, it would seem that

[REDACTED]

Kissinger is in the habit of promoting security risks. Pentagon papers thief Daniel Ellsberg is one of several security risks to work on the National Security Council as a result of Kissinger's promotion. And we ought to pause momentarily to consider the fact that Ellsberg was responsible for currying a job for James Schlesinger with the Rand Corporation. Two other outstanding security risks promoted by Kissinger are Morton Halperin, a defense witness for Ellsberg, and Helmut Sonnenfeldt, who we've heard a great deal about this morning and who had also leaked confidential information to foreign nationals."

"Now, in considering the international scene, however, Kissinger's brilliance as a politician was readily apparent in his handling of the now famous wheat deal with the Soviet Union. One suspects that the Soviet citizens were wild with enthusiasm in supporting Kissinger's confirmation, since they were certainly on the right side of that wheat deal. But Americans, however, can look forward to higher food prices. Securing the benefits of Kissinger's diplomatic master stroke cost the tax payers some four hundred million dollars and completely clobbered the small wheat farmer."

"No, of course, this is one result of the highly praised detente we've been seeking with the Communists, but yet, in spite of this search for this very elusive detente and all of Kissinger's peace overtures, even the New York Times can continue to print articles entitled 'Soviet Military Continues Tough Line Towards the West', and 'New Younger Soviet Generals Thought to Stress the Offensive.' This comes from the April 23rd issue of the Times this year. Now, the increase of the already considerable Soviet nuclear arsenal amply states the verity of the Times' claim. Now, on the other hand, Kissinger's thinking on this subject can be readily seen in the May 26 SALT agreement which was signed by President Nixon which granted the Soviets a 35% numerical superiority in nuclear weapons."

"Now, when we appraise Mr. Kissinger in light of his actual foreign policy accomplishments to date, instead of his rave reviews in the press, we can only be appalled at the series of catastrophies this supposed diplomatic genius has wrought for America, and I know many of us (Unintelligible) the future as a result of this. Now, considering his so-called peace with honor in Indo China, what Kissinger did was a sort of sleight-of-hand show which was accompanied by a lot of patter. While American troops pulled out, ignominiously leaving the fighting going on in full swing, hundreds of American POW's and Missing

[REDACTED]

in Actions are still unaccounted for. It is indeed difficult to realize that fifty thousand young American men gave their lives in Indo China thinking they were helping to put an end to the menace of Communism, then Mr. Kissinger came along and with a few fast sessions at the conference table rendered all that sacrificed blood and pain totally useless."

"His brilliant detentes with two Communist world powers drew rapturous applause from the press gallery and got a lot of Congressmen invited on free junkets to Peking, but the benefits to the American people are less apparent. In order to get Red China into the UN, Kissinger treacherously slipped a knife into our long time ally, Taiwan, and then yanked the rug out from under Japan, and generally caused a frantic reorientation of relations throughout the Asiatic and Pacific area. All to the great advantage of the Communist Chinese, but hardly any advantage to ourselves."

"But, in spite of all this, Kissinger should not really be thought of as a dove in spite of all the (Unintelligible) and everything else, mainly because he had arranged a contract that (Unintelligible) by the Rand Corporation in California, which would attempt to (Unintelligible) Russia (Unintelligible) attack on Egypt. One can only wonder whose interest Kissinger was serving (Unintelligible) without the knowledge of either the Secretary of State or Defense. For we must consider the fact that Kissinger is Jewish, and therefore has a personal stake in the fortunes of another nation, that nation being Israel. And with the cessation of large scale military involvement in Indo China, the Middle East has become our number one foreign problem. (Unintelligible) conducting negotiations Kissinger is going to be at an extreme disadvantage by being Jewish. (Unintelligible) have a quote here from Los Angeles Times (Unintelligible) 1973, which bears upon this issue:

"Kissinger, whatever his qualifications as Secretary of State, will face a hostile Arab world because he's a Jew". Kissinger's appointment almost will certainly destroy any chance for peace or possible settlement of the Arab-Israeli dispute. (Unintelligible) already demonstrated willingness to commit American military men to that region, but before this committee he had stated, he had advised the President to send American troops into Jordan in 1970 when Syrian tanks rumbled into the land where the American puppet King Hussein was holding sway, mainly to insure that we didn't lose this (Unintelligible) ally and that the real Arab nationalist leader could take over there. Obviously, we were in a position there where we had to pull Israel's chips out of the fire."

[REDACTED]

"Well, the main point with regard to Kissinger, the one that I feel needs to be stressed over and over again, is the fact that a man with divided loyalty cannot serve the best interests of the American people. The NYA represents what we believe to be the majority of people in this country--white, gentile Americans--and because of this we feel that a man from a minority background--a man who has divided loyalties--cannot do the sort of job in the Middle East. I know in my capacity as organizer for the NYA, having gone to many college campuses throughout the country, that the feeling that you see on college campuses is very much against Kissinger's confirmation, for reasons I stated earlier. Many of these young men and women feel that with Kissinger's ethnic background to go on the possibility of committing U.S. troops to the region is quite high, although Kissinger's (Unintelligible) notwithstanding. So again, I believe that having Kissinger appointed as Secretary of State may have disastrous consequences for this country and for the majority of people of this country."

"If there are any questions you would like to ask me, with regard to any (Unintelligible)."

"The Washington Post and times Herald", a daily newspaper published at WDC, on September 15, 1973, contained the following comment on Camerota's appearance before the Senate Foreign Relations Committee in an article entitled "Last-Minute Kissinger Critics Get Licks In" by "Washington Post" Staff Writer, Murrey Marder, at Page A-3:

"A stronger ethnic protest against Kissinger was made by Nicholas Camerota, Jr. of Springfield, Mass., for the National Youth Alliance, which Camerota described as a group that represents 'the majority of America . . . white, gentile, America.'"

"Kissinger is Jewish and therefore has a personal stake in another nation . . . Israel", said Camerota. Camerota said that Kissinger 'appointed Daniel Ellsberg to a National Security Council position in 1969' - which an NSC official said yesterday is untrue - 'shortly before Ellsberg began stealing' the Pentagon Papers. He said Kissinger also showed

[REDACTED]

"'deplorably poor judgment' in hiring for the NSC staff 'Morton Halperin and Helmut Sonnenfeldt' who, 'incidentally, are also Jews.'"

"Attack!", the tabloid newspaper published by NYA, in its September, 1973 (Number 23) issue, carried an article on Camerota's appearance before the Senate Foreign Relations Committee on September 14, 1973, entitled "Kissinger Blasted by NYA in U.S. Senate", including a photograph of Camerota testifying, as well as the text of Camerota's prepared statement, which reportedly was submitted for inclusion in the hearing record.

Copies of the "Attack!" article, "Kissinger Blasted by NYA in U.S. Senate", and Camerota's statement before the Senate Foreign Relations Committee, as printed in "Attack!:", are attached hereto.

Kissinger Blasted by NYA in U.S. Senate

As soon as President Nixon announced his appointment of Henry Kissinger to be the next U. S. secretary of state, NYA contacted the Senate Committee on Foreign Relations and demanded an opportunity to testify against the appointment. At first the Committee, which is responsible for making a recommendation to the Senate for confirmation or rejection of appointments to the post of secretary of state, gave indications of wanting to rush the Kissinger confirmation through without permitting witnesses

from the public to testify on the matter.

Hundreds of angry letters from all over the country began raining down on the Foreign Relations Committee, however, opposing the Kissinger appointment. The National Office learned that a substantial portion of these letters came from NYA members and supporters.

Finally the Committee relented, and on Wednesday, September 12, the National Office was notified that an NYA spokesman would be allowed to testify on Friday. The National

Office chose Nick Camerota, leader of the Springfield, Mass., Action Unit to speak for NYA.

On September 14 Nick, who is a graduate student in philosophy and political science at American International College, made his appearance before the Senate Committee on Foreign Relations, accompanied by Charles Williams of the Springfield Action Unit and Dr. William Pierce of the National Office.

As dozens of newsmen took notes and television cameras carried the scene across the

nation, Nick hammered home point after point of a scathing indictment of Henry Kissinger (see box below) which must have left the little man shaking with rage and frustration as he watched the hearings on the TV set in his White House office.

With the exception of an Arab-American group which also testified, only NYA, of all the organizations in the country, had the courage to oppose Kissinger on the fundamental basis that no Zionist should play any role in determining the destiny of the American people. Let us hope that of the many thousands of TV viewers who saw and heard Nick testify, some will be inspired to come forward and join us in our struggle to smash the System and build a better America.

about Mr. Kissinger.

Nicholas C. Camerota Jr., representing the National Youth Alliance, said that because Mr. Kissinger "as a Jew cannot help but feel a personal interest in the fortunes of Israel," the Youth Alliance believes that Mr. Kissinger's confirmation would not meet "the interests of the majority of white, gentle Americans."

The alliance described its goal as awakening "a sense of racial, cultural and national identity to replace the alienation, rootlessness and nihilism of cosmopolitanism which now threaten the continued survival of the nation and the world."

The Rev. Dr. Martin Luther King Jr., chairman of the U.S. Commission on the Status of Women, said that the

NYA grabbed top billing in newspapers as Kissinger opponent. This account is from NEW YORK TIMES.

STATEMENT OF NICHOLAS C. CAMEROTA, JR., ON BEHALF OF THE NATIONAL YOUTH ALLIANCE, TO THE SENATE COMMITTEE ON FOREIGN RELATIONS IN OPPOSITION TO THE CONFIRMATION OF HENRY KISSINGER TO BE SECRETARY OF STATE

The National Youth Alliance is opposed to the confirmation of the nomination of Henry Kissinger to be the secretary of state for the United States. The Kissinger nomination is contrary to the best interests of the American people on a number of grounds, including the following:

First, the man who serves as secretary of state and conducts the relations of the United States with other states must have an undivided loyalty to the United

States. Daniel Ellsberg, Morton Halperin, and Helmut Sonnenfeldt, all of whom, incidentally, are also Jews. Mr. Kissinger appointed Daniel Ellsberg to a National Security Council position in 1969, shortly before Ellsberg began stealing highly sensitive secret documents of the United States government. Ellsberg then revealed those secret documents to unauthorized persons, including foreign nationals, in an

act of treason. Ellsberg's vacillation, half-measures, and crippling restrictions on the use of American military power, and then of virtual surrender under the guise of "peace with honor." All Mr. Kissinger's flitting back and forth from Paris to Washington and all his clever and hopeful news conferences could not change the grim reality of America's Vietnam catastrophe, even if they did serve somewhat to distract public attention from it at the time.

STATEMENT OF NICHOLAS C. CAMEROTA, JR., ON BEHALF OF THE NATIONAL YOUTH ALLIANCE TO THE SENATE COMMITTEE ON FOREIGN RELATIONS IN OPPOSITION TO THE CONFIRMATION OF HENRY KISSINGER TO BE SECRETARY OF STATE

The National Youth Alliance is opposed to the confirmation of the nomination of Henry Kissinger to be the secretary of state for the United States. The Kissinger nomination is contrary to the best interests of the American people on a number of grounds, including the following:

First, the man who serves as secretary of state and conducts the relations of the United States with other states must have an undivided loyalty to the United States. He must have no national, racial, or religious ties to another state which may bias his conduct of the affairs of his office to the detriment of the interests of the United States.

Mr. Kissinger, as a Jew, cannot help but feel a personal stake in the fortunes of Israel (as occupied Palestine is generally called under the present Jewish regime there). Regardless of his protests to the contrary, it would be foolhardy for Americans to assume that Mr. Kissinger will always put American interests ahead of those of Israel, the state which claims to represent the interests of all the Jews of the world and looks on all Jews, including him, as members of a single community of interest. In view of the deep American involvement in the Middle East and President Nixon's assertion that the Middle East now represents America's highest priority in foreign affairs, America cannot afford to have as secretary of state a man exposed to even the slightest temptation to sacrifice American interests to Israeli interests.

Second, the man who serves as secretary of state must have sufficient good judgment to properly fill a large number of highly sensitive posts with trustworthy men. The national security of the United States will be critically dependent on such good judgment. Unfortunately, Mr. Kissinger has demonstrated deplorably poor judgment in his past appointments of persons to fill sensitive posts in connection with his National Security Council duties.

Three such appointments which may be mentioned in this

regard are Daniel Ellsberg, Morton Halperin, and Helmut Sonnenfeldt, all of whom, incidentally, are also Jews. Mr. Kissinger appointed Daniel Ellsberg to a National Security Council position in 1969, shortly before Ellsberg began stealing highly sensitive secret documents of the United States government. Ellsberg then revealed those secret documents to unauthorized persons, including foreign nationals, in an attempt to undermine the American military forces in Vietnam.

The relationship between Ellsberg and James R. Schlesinger, currently secretary of defense, should also be noted here: It is similar to the Kissinger-Ellsberg relationship; in that Ellsberg brought Schlesinger into national security work through recommending him for a position at the Rand Corporation, just as Kissinger had earlier brought Ellsberg into the National Security Council. The prospect of having two Ellsberg intimates — Mr. Kissinger and Mr. Schlesinger — both with the same minority ethnic background, simultaneously occupying the two cabinet posts most concerned with the national security, can only raise the gravest misgivings on the part of all thoughtful and patriotic Americans.

Third, the policies of the secretary of state during the next three years will vitally affect the national interests of the United States. If Mr. Kissinger becomes secretary of state and is allowed to continue his policies of the last four years, the nation will be exposed to grave jeopardy and will, perhaps, suffer irreparable harm.

Consider the consequences of Mr. Kissinger's policies which we have already experienced. Guided by Mr. Kissinger's policy, the United States withdrew from Vietnam, having achieved nothing of value to the American people and leaving behind hundreds of still-unaccounted-for MIA's and POW's. The sacrifice of 50,000 American lives was nullified by a policy, first of

vacillation, half-measures, and crippling restrictions on the use of American military power, and then of virtual surrender under the guise of "peace with honor." All Mr. Kissinger's flitting back and forth from Paris to Washington and all his clever and hopeful news conferences could not change the grim reality of America's Vietnam catastrophe, even if they did serve somewhat to distract public attention from it at the time.

Likewise, consider Mr. Kissinger's policy of detente with Communist China and the Soviet Union. What has that brought to America but dishonor, economic hardship, and military disadvantage? The Soviet wheat swindle of 1972 is the principal economic consequence of Mr. Kissinger's policy of detente. America has so far experienced, and it has been a painful experience indeed.

Mr. Nixon's signing of the strategic-arms-limitation agreement in Moscow last year, which has given the Soviet Union a staggering numerical advantage in offensive nuclear missiles and warheads over America, is the principal military consequence of that policy to date, and it is a terribly dangerous consequence. There is no tangible advantage to be gained by continuing to develop closer ties between America and the two communist powers, and the moral price to be paid is enormous.

America cannot afford — and may not survive — three more years in which her foreign policy is subject to Mr. Kissinger's ethnic bias, his amply demonstrated lack of good judgment in the choice of subordinates for sensitive national-security positions, and his catastrophically ill-advised tendency toward accommodation of and collaboration with communist governments.

The National Youth Alliance strongly and emphatically urges and beseeches this Committee to reject the nomination of Henry Kissinger.

Dr. William L. Pierce is Executive Director of the National Youth Alliance.

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their radical and political ideas in America.

According to the source, the NYA hopes to obtain an injunction to restrain the government in this regard and has raised a fund of \$2,000 to be used for this purpose.

The informant stated that Pierce had indicated the NYA was encountering difficulty in finding a lawyer who would draft the injunction desired by the NYA. It

to the Israeli Government and to take immediate steps to recover all equipment already delivered during the current Middle East War was filed in the United States District Court in Alexandria today. The petition was filed as a class action by Dr. William Pierce of the National Youth Alliance on behalf of himself and all other United States taxpayers.

"The petition points out that the transfer to the Israeli Government of aircraft, tanks and other war material from active-duty units of the United States Armed Forces is without any basis in law and, in fact, is clearly contrary to the sense of the Foreign Military Sales Act of 1968, under the color of which the Nixon Administration has been acting.

"The petition argues that the weakening of the United States defense capability by the transfer of active-duty military equipment, as opposed to surplus equipment or stock-pile equipment has never been the intent of any act of congress, and that such transfer threatens the security of every U.S. citizen.

"The National Youth Alliance is an organization dedicated to the promotion of America's national interests by all means."

NATIONAL YOUTH ALLIANCE

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

On November 5, 1973, a confidential informant who has furnished reliable information in the past, provided the following publications disseminated by the NYA:

- 1) "News from the National Youth Alliance" dated October 26, 1973, captioned "SUIT AGAINST SECRETARY OF DEFENSE AIMS AT HALTING ILLEGAL TRANSFER OF UNITED STATES WAR MATERIAL TO ISRAEL";
- 2) "Action" (Number 28), October, 1973 (Internal bulletin of the NYA); and
- 3) Cover letter to the October, 1973 (Number 28), issue of "Action" by William L. Pierce, dated October 30, 1973.

The above items have been reproduced and copies are attached hereto.

It is noted that the above publications are primarily concerned with legal action instituted by NYA to restrain the United States Government from sending war material to Israel and are self explanatory.

SUIT AGAINST SEC'Y OF DEFENSE AIMS AT HALTING ILLEGAL TRANSFER OF U.S. WAR MATERIEL TO ISRAEL

A petition for an injunction requiring the Secretary of Defense to cease delivering U.S. military equipment to the Israeli government and to take immediate steps to recover all equipment already delivered during the current Middle East war was filed in the U.S. District Court in Alexandria today. The petition was filed as a class action by Dr William Pierce of the National Youth Alliance on behalf of himself and all other U.S. taxpayers.

The petition points out that the transfer to the Israeli government of aircraft, tanks, and other war materiel from active-duty units of the U.S. armed forces is without any basis in law and, in fact, is clearly contrary to the sense of the Foreign Military Sales Act of 1968, under the color of which the Nixon Administration has been acting.

The petition argues that the weakening of the U.S. defense capability by the transfer of active-duty military equipment, as opposed to surplus equipment or stockpile equipment, has never been the intent of any act of Congress, and that such transfer threatens the security of every U.S. citizen.

The National Youth Alliance is an organization dedicated to the promotion of America's national interests by all means. 2

ACTION

INTERNAL BULLETIN of the NATIONAL YOUTH ALLIANCE

No. 28

October 1973

DR. WILLIAM PIERCE has filed a lawsuit against Secretary of Defense James R. Schlesinger in the U.S. District Court in Alexandria, Va. The suit, filed on October 26, is a class action on behalf of Dr. Pierce and all other American taxpayers. It asks the court to issue an injunction requiring the Secretary of Defense to cease delivering U.S. military equipment to the Israeli government and to take immediate steps to recover all equipment already delivered during the current phase of the Middle East war.

The suit points out that the transfer to the Israeli government of aircraft, tanks, and other war materiel from active-duty units of the U.S. armed forces, thus weakening the U.S. defense capability, is without any basis in law and, in fact, is clearly contrary to the sense of the Foreign Military Sales Act of 1968, under the color of which the Nixon administration has been acting.

We will certainly not have an easy time winning this suit, and an urgent campaign is under way to build up our resources for fighting this matter through the courts. This suit is the first in a series which we anticipate filing against various agents of the System in an attempt to loosen the Zionist grip on U.S. foreign policy.

OUR "NO MORE WAR" BUMPER STICKERS have been reprinted. They're brilliant red, white, and black on a 4-inch by 12-inch strip of instant-stick, adhesive-backed material. They will stick to many things besides automobile bumpers. They are available now from the National Office at 10 for \$1 or 100 for \$8, postage prepaid.

ON OCTOBER 9, the fourth day of the recent Middle East fighting, the National Office sent telegrams to Egyptian Presi-

dent Anwar el-Sadat and Syrian Chief of State Hafez al-Assad. The telegram to President Sadat reads: "We, the American men and women of the National Youth Alliance, extend to your people, the brave men and women of Egypt, our most heartfelt friendship during this time of your trial. It is our sincere wish that your present struggle against Zionist aggression be crowned with complete victory."

ATTACK! READER BABS MINHINETTE, of Baton Rouge, La., sent this photo of a portion of a demonstration she organized in her community. Mrs. Minhinnette (left) and her people also distributed leaflets to passersby explaining why the U.S. should not aid Zionist aggression in the Middle East.

CHICAGO-AREA NYA'ERS can obtain 3-inch gummed stickers with various slogans and the Chicago Action Unit address on them. They're handy for sticking a brief message in strategic locations. For details, write NYA-Chicago, 6272 W. North Av., Chicago, IL 60639.

IF ANYONE STILL BELIEVED the American "radical right" had any prospects, recent events in connection with the Middle East war should have taught him better. While America rushed headlong right up to the brink of yet another world war for the sake of the Jews, the "radical right" thrashed about a bit and made a few faint noises, but it proved itself utterly incapable of exerting any influence on the course of events. A better showing was made in 1941!

Consider, for example, the use of the courts as a weapon. The enemies of the West have used them as a battering ram against the foundations of our civilization for the last several decades. They have several legal organizations, employing hundreds of full-time lawyers--sharp, aggressive, Jewish lawyers--and they can mount a full-scale legal attack on any given target in a matter of hours.

Patriots, on the other hand, have never had anything comparable. The apathy and cowardice encountered by the National Office in attempting to recruit attorneys to prepare our suit against Schlesinger was very disheartening. The response of "right wing" lawyers approached was either "I'd like to help, but . . .," or "It can't be done. There isn't enough time," and it would cost too much."

Or consider public demonstrations. Our enemies can organize massive protest marches of hundreds of thousands. The best the right wing has been able to do in the last couple of years is Rev. McIntyre's parades of barely a thousand marchers. During the three weeks of the recent crisis, about all the pro-Western forces were able to do in the way of publicly protesting the government's policy of subservience to Israel was the sort of small, local demonstrations organized by Babs Minhinnette--and there were far too few of those.

In the area of direct action patriotic performance has been negligible. A few brave souls have attacked the enemy with dynamite and gasoline, but their success has been slight and their casualty rate high. The anti-Americans, in contrast, were detonating an average of three dynamite bombs per day during the peak of their Vietnam campaign three years ago. They burned dozens of campus ROTC offices and wrecked scores of other public and commercial buildings. When they were unfortunate enough to be caught, massive legal-defense efforts were launched which usually achieved acquittals from intimidated judges and juries.

It doesn't do any good to make the excuse that the enemy controls the media and the Congress and has other advantages which patriots lack. The fact is that Western man is losing the war for survival now being waged worldwide, and we must do whatever it takes to begin winning.

We must develop the capability for effectively fighting the System on the legal front, the propaganda front, and the direct-action front, and we must do it soon. The next time Jewish interests require the squandering of Western blood and Western wealth in a world war, we must at least be able to throw a sizable monkey wrench into the System's gears.

The "radical right," ranging from tiny, far-out, uniformed cults to more-or-less respectable, "write-your-Congressman" groups, simply has no prospects of doing the job--none at all. And, although effective alliances between some groups may be remotely possible, it is utterly unrealistic to hope for any general right-wing coalition. The basic problem is that the right wing, as it is now constituted, is on the wrong track.

NYA left the right-wing track over a year ago and has been forging a new trail toward the still-distant goal of a revolution of national liberation and rejuvenation. The going is slow and difficult---dangerously slow. Our rate of progress must be increased sharply in the months ahead, and this will call for some more major changes in our ways of doing things--so be prepared. It will also call for an even greater commitment from all our people.

THE NEW ATTACK! WILL BE LATE AGAIN. Unfortunately, preparations in the National Office for our lawsuit against Schlesinger held up the completion of ATTACK! No. 24. It will be printed and mailed during the next few days.

NATIONAL OFFICE

October 30, 1973

Dear American:

I have a tiger by the tail, and I need your help!

Last Friday I went into the Federal court here and filed a suit against the Secretary of Defense in an attempt to halt the further transfer of American jets and tanks to the bandit state of Israel. Now I am faced with the awesome task of fighting the combined legal resources of the entire Federal government in the courts.

Three weeks ago, as soon as the Kissinger-Nixon government announced that American warplanes and tanks were being transferred from active-duty units of our armed forces to the Israeli government, our reaction here in the National Office was, "Why doesn't someone do something to stop that?" To weaken our own armed forces in order to strengthen the Zionists is wrong from every standpoint: it jeopardizes our national security; it assures for us the everlasting hatred of the Arab peoples; it cuts off our supply of fuel from the Middle East; and it is -- morally abhorrent.

Furthermore, it is illegal. None of the laws passed by Congress which allow the government to sell surplus military equipment to other countries can justify taking current equipment out of the hands of our own defense forces and giving it to Israel.

But no one seemed willing to do anything; no one was willing to challenge the System. So I did it. With \$2,000 contributed by a handful of supporters, I had an attorney do some preliminary legal research and draw up a petition for an injunction against the Secretary of Defense.

What lies ahead now is a much bigger job. The attorneys who will even consider sticking their necks out and handling the case for us are quoting fees of \$25,000 and up! We can't expect to raise that much money, but here is what we do expect: 1) to raise at least \$5,000 immediately 2) to begin taking depositions from Secretary of Defense Schlesinger and other government officials 3) to generate enough public interest in the suit so that other groups or individuals with more resources than NYA will either join our suit or file separate suits of their own.

The urgency and importance of this project cannot be overemphasized. It is a first step toward using the Federal courts for America, instead of against America. It is an opportunity to get a few of the System's arrogant bureaucrats on the witness stand and make them explain why they are giving our weapons to the same gang that attacked the U.S.S. Liberty in 1967. It offers at least a chance to halt, even if only temporarily, our government's criminally irresponsible support of Zionism--support which has already led us to the brink of a Third

The Future Belongs to Us!

(more)

World War. And, most important, it can awaken the hope in millions of Americans that something can be done--that the System can be beaten.

We can only continue this project with your wholehearted support. We must have more contributions, on shorter notice, than we have ever asked for before. I wouldn't ask you to make a sacrifice if I didn't feel it was important. But it is important.

Please, don't leave me holding the tiger's tail all by myself. Send the largest contribution you possibly can--today.

Sincerely,

William L. Pierce
Editor-in-Chief

P.S.: If you are an attorney and are willing to help with this case, please phone me at (703) 525-3223.

~~CONFIDENTIAL~~

WILLIAM L. PIERCE;
NATIONAL YOUTH ALLIANCE

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) Wallace supporters following the 1968 Presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

A confidential informant, who has furnished reliable information in the past, advised on October 29, 1973, that a suit reportedly had been filed in United States District Court, Alexandria, Virginia, on October 26, 1973, by Dr. William L. Pierce, Executive Director of NYA, to obtain an injunction to restrain the United States Secretary of Defense from continuing shipments of military arms and equipment to Israel. The source learned that the petition for an injunction was filed by Pierce as a class action on behalf of himself and all other United States taxpayers.

The National Youth Alliance (NYA)
is an organization originally formed
from a nucleus of Youth For (George
C.) Wallace supporters following the
1968 presidential election for the
purpose of countering radical leftist
and anarchist influences on the
campuses of American colleges and
universities. NYA currently is
controlled by individuals who militantly
promote white racialism and anti-
Zionism and who suggest violent
revolution ultimately as the means
for implementing their radical
and political ideas in America.

On October 29, 1973, a confidential informant who
has furnished reliable information in the past advised that
Dr. William L. Pierce of the NYA was in contact on October 26,
1973 with J. M. Nicholas, 7050 S.W. 87th Court, South Miami,
Florida 33143. Nicholas was described by the source as an
elderly man who has contributed financially to Pierce's
political activities in the past.

On October 23, 1973, the computer records of the
Dade County Tax Assessor's office, Miami, Florida, showed that
John M. Nicholas is the owner of the residence located at
7050 S.W. 87th Court, Miami, and also that he resides at that
address.

Miami indices were negative with regard to JOHN HIDDLESTON NICHOLAS.

Appropriate credit and arrest records were negative concerning NICHOLAS on October 26, 1973.

Personal observation at 7050 S.W. 87th Court, South Miami, on October 24, 1973 disclosed that the residence at this address is a small, dilapidated cottage in a very run-down neighborhood which has been zoned for commercial development. It is one of the few remaining residences in the area and it is very overgrown by trees, shrubs, and tall grass. An ancient truck containing roof cleaning equipment was parked in the front yard. It bears no license and does not appear to have been moved for some time.

In view of the need for caution to protect the Washington Field office informant, Miami contemplates no further investigation at this time. In the event additional background information is needed, it is suggested that Washington Field review the naturalization record of NICHOLAS located at U.S. District Court, Washington, D.C.

According to the above source, Pierce solicited Arab diplomatic establishments and organizations in WDC at about the time of the outbreak of hostilities between the Arabs and Israel in October, 1973. The informant indicated that Pierce had provided each of these establishments and organizations with copies of past issues of the NYA tabloid newspaper, "Attack!", which featured pro-Arab articles, and other information concerning NYA's anti-Zionist activities with the hope of receiving financial assistance from these establishments and organizations. The informant stated that although he believes Pierce might have had assistance from such establishments and organizations from time to time in the past in the form of information and photographs for publication in "Attack!", he knew of no financial contributions which had been received from these sources. He pointed out that Arab diplomats and supporters in the United States are very conscious of the distinction between anti-Zionism and anti-Semitism and generally avoid working relationships with anti-Semites.

The informant mentioned above advised that in addition to mailings to embassies and chanceries of the individual Arab states represented in WDC, NYA solicitations were directed to the Arab Information Center and the National Association of Arab-Americans of WDC. The informant noted that Pierce had [redacted]

NATIONAL OFFICE

November 26, 1973

Dear American:

Enclosed with this letter is a leaflet designed for immediate mass distribution all over America. It is not aimed at "right wingers" or conservatives or "radicals," but at average, uncommitted Americans.

It ties together the two most disturbing issues of the day: the fuel shortage and the general failure of confidence caused by the media exploitation of Watergate. It not only ties these issues together, but it clearly places the blame where it belongs and directs attention onto the primary danger: Jewish monopoly control of the mass media and, as a consequence of that, of the entire American political apparatus.

The Enemy has never been so vulnerable as he is now. His natural instinct for socially destructive activity has led him into such excesses in exploiting the Watergate fiasco that a great deal of public resentment against the media has been generated. People whose only previous concern about the media was whether or not their favorite soap opera or TV talk show would be continued for another season have been muttering darkly about "media bias."

It was a pure stroke of fortune that the latest Middle East flare-up came when it did. Despite the transparent and heavy-handed effort to blame everything on the Arabs, there are millions of Americans who know better. They understand that they are being asked to walk and to shiver this winter so that the Jews can hold onto their stolen real estate in the Middle East, and they don't like it a bit. Furthermore, they have cynically observed that the newspapers and the TV networks are slavishly pro-Israel. While Senator Fulbright talks about Zionist control of the Congress, thousands of ordinary Americans are referring, for the first time in their lives, to the "Jewish networks."

Only a minority of Americans are beginning to understand who is behind their present troubles, of course, and the Enemy is working hard to keep the others from waking up. Our duty is clear. We must seize the present opportunity and utilize it to the fullest extent possible. If we lose this chance to turn America against her exploiters, we may never have another. It is only 10 years until 1984.

Let's spread our new "Blackmail!" leaflet all over this country--by the millions! Let's throw thousands of them from office windows at the lunch hour in downtown Dallas and Seattle. Let's rent small airplanes and drop tens of thousands of them over Los Angeles, Philadelphia, and Memphis. Let's scatter them along the streets with the heaviest pedestrian traffic in Chicago and Phoenix. Let's saturate parking lots filled with the cars of Christmas

shoppers in Portland, Richmond, Cleveland, Pittsburgh, and Boston. Let's strew them about college campuses and factory gates, around trailer parks and bowling alleys, in public buildings and football stadiums. Let's have these eye-catching yellow leaflets blowing in the wind and littering sidewalks from the Rio Grande to the Great Lakes and from the Atlantic to the Pacific. Let's wake America up!

We're geared up at the National Office to ship out at least two million leaflets during the next month. If we get orders for twice that many, we'll hire more people to help us wrap and address them. The leaflets are priced so low that we will barely break even on them--in fact, we will lose money on shipments to the West Coast because of the postage. But, in the long run, it can be the most profitable project we have ever undertaken if everyone will do his share to help distribute them. If we are able to carry the message on this leaflet to a sufficiently large number of Americans at this time, we can change the course of history.

Even if you've never distributed a single copy of ATTACK! before, you should order the largest quantity of these leaflets you possibly can. Do it now and beat the Christmas mail jam!

Sincerely,

William L. Pierce

P.S.: We have filed the first interrogatory in our Federal suit to make the Defense Department retrieve the war materiel illegally shipped to Israel during the recent fighting. We expect to have an important announcement soon concerning this suit.

Blackmail!

America is being blackmailed. Because of this blackmail we may not be able to drive our cars or heat our homes this winter. Some of our schools may be forced to close, and many of us may lose

our jobs. If the blackmail continues, and if many of our industries are forced to shut down, America may be faced with another depression. We can put an end to this blackmail, and it's high time we did!

The blackmailers are a tightly organized, international gang of Zionists.

Zionists believe in an alien ideology repugnant to all decent Americans. They are loyal to a foreign power: Israel. They have applied blackmail pressure to the government of the United States,

forcing it to adopt policies which are favorable to Israel but which are bad for the American people. These policies, by alienating our Arab friends in the Middle East, have caused the present oil crisis.

Zionists represent fewer than three per cent of the American public.

But they are able to blackmail lawmakers and other government officials because of the control they wield over our elections. Through their ownership of the broadcast-network monopolies and large segments of the press they have an enormous influence on our national electoral process. They also control a disproportionate share of the campaign money which gets Congressional candidates elected. Senator J. W. Fulbright, Chairman of

the Senate Committee on Foreign Relations, has several times pointed out the Zionist control of Congress. "The Senate is subservient (to Zionists)," he said. "We should be more concerned about the United States' interest, rather than doing the bidding of Israel." Another time he said, "The Israelis (acting through Zionists in this country) control the policy in the Congress and the Senate."

Zionist blackmail against Congress has embroiled America in the Middle East war, contrary to the wishes of nearly all Americans.

It has resulted in enormous blackmail payments to the Israeli government. The latest payoff being demanded is \$2.2 billion of our tax money. Worst of all, Zionist blackmail has caused the shutoff of the vital oil formerly supplied to us by our Arab friends in the Middle East. We can restore the oil imports we need to

keep the country running if we refuse to knuckle under to Zionist blackmail. If we demand that no more American money or weapons be sent to the Middle East and that the media monopolies in this country be broken up, we can put the Zionist blackmailers out of business.

Let's tell the Congress and the White House that we, the American taxpayers, will tolerate no more Zionist blackmail!

And let's make sure that politicians who yield to blackmail don't get re-elected.

How the Blackmail Works: the Media Monopolies

The Watergate scandal has demonstrated to all of us the awesome power of television and the press. The masters of the mass media can give artificial stature and popularity to any politician they like — just as they can wreck the career of anyone they dislike.

That is a dangerous enough power under any conditions. In America today it is made infinitely more dangerous by the concentration of this power in the hands of a small number of people—all members of the same minority group with ties to a foreign government.

Television News

Consider, for example, the TV-news broadcasting industry. This is probably the single most influential mass medium.

Virtually all national and international TV news in the U.S. is filmed, edited, and broadcast by just three corporations: American Broadcasting Companies, Inc. (ABC), Columbia Broadcasting System, Inc. (CBS), and National Broadcasting Company (NBC). The last is not an independent corporation, but is a subsidiary of Radio Corporation of America (RCA).

Each of these major corporations has a separate news subsidiary with officers responsible only for news programs.

ABC

The president and chief executive officer of ABC is Leonard Goldenson. The general manager of ABC News is Martin Rubenstein, and under Mr. Rubenstein, as executive producer of ABC's TV-news programs, is Avram Westin.

CBS

The top man at CBS is Chairman of the Board William S. Paley. The CBS News subsidiary is run by President Richard S. Salant.

NBC

Robert Sarnoff is president, chief executive officer, and chairman of the board of RCA. Mr. Sarnoff's man in charge of news is NBC News President Reuven Frank.

Seven Powerful Zionists

The major broadcasting corporations employ thousands of

persons in executive positions, but the seven men named above are at the key control points. They are the ones who have the ultimate decision-making authority. They dictate what 210 million Americans shall learn of what has happened in the nation and in the world each day. All seven of them — Goldenson, Rubenstein, Westin, Paley, Salant, Sarnoff, and Frank — are Zionists.

Newspapers Too

Zionist control has also been effectively extended over the great majority of the 62,000,000 newspapers printed each day in this country. Two outstanding examples of this control are the

nation's two most prestigious and influential newspapers: the New York Times and the Washington Post.

New York Times

The New York Times is the unofficial social, fashion, entertainment, political, and cultural guide of the nation. Its influence and ideas reach into every stratum of American life. It is sold in virtually every community in the United States.

The New York Times was founded in 1851 by Henry Raymond and George Jones, but in 1896 Adolph Ochs, a wealthy Zionist publisher, acquired the paper from Jones' estate. The present Zionist owners are the Ochs-related Sulzberger family. Arthur Ochs Sulzberger is the paper's current president and publisher.

Washington Post

A close second to the New York Times in national influence is the Washington Post, which, by establishing its "leaks" in most governmental agencies in Washington, has an inside track on news involving the Federal government.

The Washington Post was founded in 1877 by Stilson Hutchins, but in 1933, at the height of the Great Depression, it was sold at a bankruptcy auction to Eugene Meyer, a Zionist financier, for a trifling \$825,000.

The Washington Post is presently run by Katharine Meyer Graham, Eugene Meyer's daughter, who is the principal stockholder and board chairman, and Larry H. Israel, who is the president and chief operating officer. Needless to say, Mr. Israel is also a Zionist.

The Washington Post also owns Newsweek magazine and a number of radio and TV broadcasting stations.

Break Zionist Monopolies!

The elected representatives of the American people cringe in fear of the power of the mass media. With very few exceptions, they are afraid to adopt any policy not approved by the Zionist masters of the media. Both the domestic and foreign policies of the United States are thus hostages to Zionist blackmail.

We must break the media monopolies, so that TV, newspapers, and the other mass media represent only the interests of the American people instead of a foreign government.

THIS LITTLE ARAB GIRL has been permanently disfigured by napalm dropped on her village in southern Lebanon by Israeli bombers. The tragedy and shame for us is that both the aircraft and the napalm were made in the U.S.A. The average American does not want this country to become entangled in another "Vietnam" in the Middle East, but Zionist blackmail against the Congress and the White House are forcing our government to continue sending weapons and money to the Israelis.

NATIONAL STATES RIGHTS PARTY

A source has described the National States Rights Party as an anti-Negro, anti-Semitic, white racist political party composed of past members of klan-type organizations and other right-wing groups.

A confidential informant who has furnished reliable information in the past advised on December 3, 1973, that Dr. Edward R. Fields, National Secretary of the National States Rights Party (NSRP), planned to visit Washington, D.C. (WDC) on December 7 and 8, 1973, in order to protest United States' support of Israel on Capitol Hill.

According to information provided by the above source on December 10, 1973, Fields reportedly arrived in WDC on December 6, 1973, and spent the night of December 6, 1973, at the Commodore Hotel in WDC. The source learned that Fields met with Dr. William L. Pierce, Executive Director of the National Youth Alliance, on December 6, 1973, and that Pierce had agreed to support Fields' anti-Zionist activities in WDC on December 7 and 8, 1973.

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

The above source learned that Fields' activities in WDC culminated in a demonstration at the White House, WDC at 10:00 a.m. on December 8, 1973. The source said that about twenty individuals carrying picket signs protesting United States' support of Israel appeared for the demonstration; however, the NSRP demonstrators were told to leave shortly after the demonstration had begun because they did not have a permit to demonstrate, and they left without incident. The demonstrators reportedly paraded briefly on K Street, N.W., and disbanded for lunch. NSRP demonstrators included NSRP representatives Fields;

SUIT AGAINST SCHLESINGER STILL IN COURT. Dr. Pierce has amended his suit against the Secretary of Defense with a request for a three-judge court. Then, even if the first court refuses to order Schlesinger to take steps to recover the U.S. war materiel illegally transferred to the government of Israel during the recent Middle East fighting, an appeal can be made directly to the Supreme Court without having to go through an intermediate appeals court.

Schlesinger now has until January 7 to answer the suit. The time between now and then is being used to prepare Dr. Pierce's case as carefully as possible. An NYA Member in Ohio who recently passed his bar examination is helping with the legal research. The main hope, however, is that other plaintiffs will intervene in the suit, and there are indications that this may occur soon.

November-December 1973

ZIONISTS SEE NYA AS MAIN THREAT. The New York Zionist weekly, the **JEWISH PRESS**, carried a long article about NYA in its November 16 edition. The article quoted extensively from several issues of **ATTACK!** and made the point that NYA is the only "radical right" organization which poses a potential threat to Jewish rule in America. Our militancy, as well as the serious and mature tone of **ATTACK!**, worries the Zionists. They are afraid that NYA will refuse to play the political game by the System's rules, but instead will use whatever means are necessary to win. The article claims that it is NYA's intention "to change the psychological mood of the patriotic American who naturally shies away from thoughts of violence against his own government and to create a cadre of fascists which will be prepared and trained to use violence to seize power."

The real danger the Zionists see in NYA, however, is our rejection of the economic materialism of both the capitalist right and the communist left and our call for a spiritual rebirth of the American people. Says the **JEWISH PRESS**: "An interesting point to be considered is just what the reaction of youth, **THE SAME YOUTH THAT TODAY MARCHES FOR THE LEFT** (original capi-

EXPOSING THE HATERS

By DAVID BORAC

Among the various groups testifying before the Senate Foreign Relations Committee against the nomination of Henry Kissinger as Secretary of State, was one little known outfit known as the National Youth Alliance.

This organization, one of the more vitriolic and openly hating groups around, has two qualities that distinguish it from some of the other haters they ultimately emulate. One, there is an effort on the part of NYA to take a more "intelligent" or "intellectual" approach to hate. Their efforts are aimed at university or high school students and their newspaper, **'Attack!'**, carries articles that are a cut above the painfully crude ones written down in the publications of the "hate groups."

through the violent overthrow of the government. (Indeed, NYA attempts to escape the right wing label by declaring that the terms "Right" and "Left" have lost any meaning.)

NYA's claim that it is time for a radical and revolutionary approach to changing the United States into a fascist, racist State, finds its boldest expression in the form of a regular column known as "Revolutionary Notes". This is nothing less than a primer for making explosives of all kinds and how to handle weapons of all caliber. Thus, one of the lessons teaches us how to make Molotov cocktails. Not just the simple, basic kind consisting of a bottle

ment and to create a cadre of fascists which will be prepared and trained to use violence to seize power.

Naturally, NYA's great hate is the Jew and this is why their representative appeared before the Senate Committee to state that his group represented "the majority of America, the white, gentile America" and launched into a tirade against Kissinger, the Jew and Zionists.

A glance at some of the issues of **Attack!** leaves little room for doubt as to their feelings about Jews. Thus we read: "The Jews have always been in the vanguard of revolutionary ferment, in Europe as well as in America. As Gibbon and other writers have pointed out, the Jews played a major role in instigating the series of revolutions which finally undermined the decaying Roman Empire. They starred again in the French Revolution

state. It is not surprising that here, too, the Jew comes in for attack by NYA:

"It [technology] has made their lives longer and removed much of the pain and struggle of living. And that's all they think about — pain vs. pleasure, incontinence vs. continence, straggle vs. leisure, period."

"This unrelieved materialism is not inherent in western man's world view. It is imposed. It is Jewish..."

An interesting point to be considered is just what the reaction of youth, **THE SAME YOUTH THAT TODAY MARCHES FOR THE LEFT**, will be to this call. It is totally possible that the same youth will find in this anti-materialism yet nationalistic call, a thing that will satisfy them more than the Left did. It is something for Jews to think about.

Finally — the NYA, again in con-

talized), will be to this call. It is totally possible that the same youth will find in this anti-materialistic yet nationalistic call a thing that will satisfy them more than the Left did. It is something for Jews to think about."

BLACKMAIL! LEAFLETS BLANKETING U.S.A. The National Office has already printed and shipped more of the new, yellow "Blackmail!" leaflet than any other piece of printed matter ever published by NYA. Two million copies is a lot of leaflets, though, and if we are to reach this goal in December we need to print and ship many more in the next few days.

Although these leaflets may be handed to passersby one at a time, they are really designed to be "broadcast." In Washington, for example, NYA teams have been driving through the Capitol area and other areas of heavy pedestrian traffic at 4:00 AM and throwing out thousands of leaflets so they will be all over the sidewalks and parking areas when government workers and shoppers show up later in the morning.

It may seem extravagant to heave tens of thousands of leaflets, at a cost of nearly a penny each, out the window, but it is the best way of getting our message to a broad cross section of citizens in a hurry, when the use of the more conventional mass media is denied to us. It is really surprising to see how fast people pick up the leaflets. The presence of large numbers of the eye-catching sheets fluttering around causes curiosity, and the average person, arriving for work or getting out of his car in a parking lot, will pick up one and begin reading it. Others see this and do likewise.

There are, of course, many other ways of distributing these leaflets, and one can use his imagination to devise the most effective method to fit his own circumstances. What is important is that EVERYONE participate. In particular, no Member should fail to distribute as many leaflets as he possibly can.

This is a critical moment in history. The American public, that vast herd of generally contented sheep, are more disillusioned with the System which controls their lives than they have been in many years. Furthermore, the resentment of a substantial portion of the public is directed specifically at the media monopolies, because of Watergate, and at the Zionist lobby, because of the energy crisis. They do not yet see the connection between these two things, nor do they understand the other ramifications of Jewish control of the media and the Congress, but they are ready and waiting for someone to explain it to them. Such readiness may not recur for a long time, and we must take advantage of it now.

Whether you are an NYA Member or not, order as many leaflets as you possibly can. In order to get them to you as soon as possible, NYA has begun using United Parcel Service for all

bulk shipments. This means you should receive your leaflets within three days from the time your order is received by the National Office. Shipments to the West Coast are sent by air. Prices, including shipping, are \$12/1,000 up to 10,000 leaflets and \$10/1,000 for 10,000 or more. This price is less than NYA's printing and shipping cost. Distributing these leaflets is extremely important. Send your order to the National Office today!

THE NATIONAL OFFICE, in answering this letter from a Congress who objected to our leaflet distributions, pointed out that NYA is also concerned about the environment, but that the oil shortage will cause worse damage to the environment than will our leaflets. NYA does approve of littering either, but an extraordinary situation calls for extraordinary means.

Right-Wing Organizations Increase Anti-Israel Campaign

By Paul Valentine
Washington Post Staff Writer

Several right-wing organizations ranging from the 20,000-member Liberty Lobby to the American Nazis have sharply increased their traditional anti-Israeli propaganda, blaming the current fuel shortage here on what they call Jewish or Zionist manipulation of the Mideast crisis.

"Jews to Blame . . . for Oil Crisis," says a banner headline in the current issue of White Power, newspaper of the National Socialist White Peoples Party (Formerly American Nazi Party).

"Oil Yes — Jews No," reads a bumper sticker being peddled by the National States Rights Party.

"America is being blackmailed," asserts a leaflet distributed in the thousands here by the National Youth Alliance, founded by a former American Nazi Party leader.

"The blackmailers are a fully organized, international gang of Zionists."

"... The cause of this drummed-up energy crisis," says Curtis Dall, Liberty Lobby chairman, in an automatic recorded telephone message here, "is the expensive aims of the state of Israel (with) world Zionist leaders and big money aiming to further regiment us by projected ration control."

These and other efforts at fuel crisis publicity have generated what organizers say is a general rejuvenation of the right wing.

The Washington Post

"I've never seen anything like it," says William Pierce, head of the Arlington-based National Youth Alliance. "We've already sold about 250,000 'blackmail' leaflets across the country, and we can't keep up with the orders."

"There's been a real resurgence of the right wing over this oil crisis issue," says Edward R. Fields, secretary of the Georgia-based National States Rights Party, which describes itself as a "white racialist political party."

Fields said his organization recently printed 10,000 "Oil Yes—Jews No" bumper stickers and already has sold more than 1,000 at four for \$1. Circulation of the party's newspaper, The Thunderbolt, has also jumped from 12,000 to 14,000 in recent months, he said.

Spokesmen for all organizations said their publicity efforts are self-supporting and they say receive no support from Arab or oil interests.

"We've been watching this matter very closely," says Arnold Forster, general counsel for the Anti-Defamation League of B'nai B'rith, which monitors organizations considered by it to be anti-Jewish.

A "kind of empirically weighted study" by ADL of newspaper editorials across the country, he said, shows that only a "lunatic fringe" of "extremist bigots" blame the oil shortage on Israel or American Jews.

The shortage has provided a timely pretext to boost anti-Jewish propaganda, Forster said. "It's part of their lunatic thinking," he said.

The thrust of much of the

A collection of right-wing newspapers, bumper stickers and pamphlets calls for "end of blackmail by Zionists" and blames Israeli manipulations in the Mideast.

Interests in Congress and the Nixon administration has led to almost unlimited financial and military support of Israel. This in turn triggered reductions in oil supplies by the Arab nations to the United States, according to the literature.

At a minimum, the organizations urge elimination of U.S. aid to Israel and withdrawal of Israeli troops to the 1967 borders.

"We can restore the oil imports we need to keep the country running if we refuse to knuckle under to Zionist

can money or weapons be sent to the Middle East and that the media monopolies in this country be broken up, we can put the Zionist blackmailers out of business."

Pierce, of the youth alliance, would not reveal membership totals for the organization. He said he has been steadily shipping 100-pound bundles of the leaflets across the country at 1,000 copies for \$12 or 10,000 copies for \$100. In addition, the oil crisis has been a leading subject in the organization's 16,000-circulation newspaper, "Attack!" which has

Capitol Hill recently with thousands of the "blackmail" leaflets printed on bright yellow paper.

In a similar action, Fields and several others from the National States Rights Party visited Washington last week, left copies of a protest letter at the offices of numerous senators and representatives, then picketed the White House.

Fields said in a telephone interview from his headquarters in suburban Atlanta that the current issue of the party's

"I think the Jews are the spot," he said. "I think pin their ears back on me. We're going all in."

Likewise, spokesman National Socialist White Peoples Party in Arlington their monthly paper, Power, sold out in November and December.

At party leaders N. Franklin Fox, security guard, would rather plot a chemical or the other referred to the party's membership figures or newspaper circulation.

NATIONAL YOUTH ALLIANCE

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

On December 17, 1973, a confidential informant, who has furnished reliable information in the past, advised that following publication of an article by Paul Valentine concerning anti-Zionist activities by right-wing extremist groups in the United States which appeared in "The Washington Post and Times Herald", a daily newspaper published at Washington, D. Ex-Nazi's Hate Group Is Tax Exempt

By Jack Anderson

Under President Nixon, public interest groups have found it increasingly difficult to obtain tax exemptions from the Internal Revenue Service.

Yet a former Nazi, who once promised there would be "a Jew hanging from every lamppost in the country," had no trouble breezing through the bureaucratic morass at the IRS and getting his hate organization declared "exempt from federal income tax."

He is William L. Pierce, who runs the anti-Semitic, right-wing National Youth Alliance in Arlington, Va. Pierce, who has a PhD. in physics and prefers to be called "doctor," was a self-admitted "personal friend" of George Lincoln Rockwell, the late fuhrer of the American Nazi Party. After Rockwell's death, Pierce became the Nazis' "assistant executive officer" and "ideological officer."

It was in this capacity that Pierce recorded a "dial-a-hate" message declaring "there is only one effective way to deal with rampaging blacks on our campuses — and in our cities — and that is to kill them."

In 1968, Pierce was found selling "Negro control equipment" out of his Virginia home. His "equipment" ranged from riot guns to chemical mace.

For the past three years,

Pierce has headed the National Youth Alliance, an offshoot of the arch-conservative Liberty Lobby. The original NYA, which was based in Washington, went out of business and, in 1970, was reincorporated in Virginia by Pierce.

The "new" NYA is largely a paper organization which does little more than publish hate literature and send out appeals for funds.

Its main publication is a tabloid called "Attack," which is frequently festooned with ghoulish pictures of maimed and disfigured bodies. They are described in rabid language as Arabs who fell victim to Israeli attacks.

A recent fund-raising letter asserted that "only a well-aimed bullet could have stopped the confirmation of Henry Kissinger..."

This scurrilous literature is now produced tax free. For as of October, 1973, Pierce's organization is no longer required to pay federal taxes.

A letter to Pierce from IRS District Director William D. Waters proclaims that the NYA is "not liable for Social Security (FICA) taxes" or for "the taxes imposed under the Federal Unemployment Tax Act (FUTA)." All "bequests, legacies, devises, transfers or gifts" to the NYA are also "deductible for federal estate gift tax purposes..."

What's more, Pierce took his tax-exempt credentials to the Postal Service and wangled the privilege of mailing his literature at the reduced rates reserved for non-profit organizations.

Now, courtesy of the U.S. government, Pierce saves \$310 for every 10,000 pieces of hate mail he sends out.

Pierce's most recent issue of "Attack," which he mailed at non-profit rates, contains a picture of Kissinger in the crosshairs of a rifle telescope. The same issue advertises Adolf Hitler's "Mein Kampf" and several "how-to" books on the construction of booby-traps, explosives and demolitions.

Footnote: An IRS spokesman told us that tax exempt status is usually granted on the presumption that "the organization has acted in good faith and has told us the 'truth' about its operations. There are over 600,000 tax-exempt groups on record, the spokesman said, explaining it is impossible to investigate them all. Nevertheless, the IRS found plenty of time to investigate the Center on Corporate Responsibility, a public interest group that struggled three years for a tax exemption and won it only after a federal judge detected "political" influence against it.

Washington Whirl—White House aides, who rejoiced over

the departure of the domineering H. R. Haldeman, are now complaining about his replacement. The new staff chief, Gen. Alexander Haig, has been trying to bring military efficiency to the White House. Some aides find his military methods, however, even more offensive than Haldeman's.

Small Business Administrator Tom Kleppe is using paddleball politics to counteract a House investigation of his agency. He has been slipping up to Capitol Hill to play paddleball with his former colleagues in the House gym. He has also dispatched his aides to Capitol Hill to wine and dine congressional friends... Intelligence reports claim a dozen Soviet warships, complete with support ships, are now operating in the Persian Gulf. Apparently, they are guarding the approaches to the rich Arabian oil fields... A shoe-string citizens group is using a technicality in the new environmental laws to block a deer hunt, which the Interior Department had permitted in the Great Swamp National Wildlife Refuge in New Jersey. The group claimed that the hunters' indiscriminate killing would weaken the herd by taking the strongest animals and thus would alter the balance of nature.

NATIONAL STATES RIGHTS PARTY

A source has described the National States Rights Party as an anti-Negro, anti-Semitic, white racist political party composed of past members of klan-type organizations and other right-wing groups.

On January 7, 1974, a confidential informant who has furnished reliable information in the past advised that J.B. Stoner, National Chairman of the NSRP, is expected to visit Toronto, Ontario, Canada, on January 21, 1974, and to appear on Canadian television on the following day, January 22, 1974. According to this source, Stoner will remain in Toronto for a small private meeting on January 23, 1974. Stoner's activities in Toronto reportedly will be under the sponsorship of the Western Guard Party, right-wing extremist organization at Toronto.

The above informant further advised that an invitation would be extended to Dr. William L. Pierce, Executive Director of the National Youth Alliance, to participate in the above activities in Toronto, January 21-23, 1974, including appearance with Stoner on Canadian television.

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influence on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.
